

PreK - 12 Education Committee

Meeting
Tuesday, March 7, 2006
2:00 — 4:00 p.m.
Morris Hall

REVISED

Florida House of Representatives

Allan G. Bense Speaker

PreK-12 Education Committee

Ralph Arza, Chair Representative Loranne Ausley Representative Ellyn Bogdanoff Representative Marti Coley Representative Frank Farkas Representative Kenneth Gottlieb Joe Pickens, Vice Chair Representative Stan Mayfield Representative Dave Murzin Representative Curtis Richardson Representative Trey Traviesa

AGENDA March 7, 2006

- I. Chairman's Opening Remarks
- II. PCB PKT 06-01 A++
- III. PCB PKT 06-02 FHSAA
- IV. Chairman's Closing Remarks
- V. Adjournment

A++ Section Description

| Section | Page | PCB PKT 06-01 |
|----------|------|---|
| 1 | 8 | Requires Legislative Budget Commission review of NCLB plan. |
| 2 | 9 | Establishes Division of Accountability, Research, and Measurement in DOE. |
| 3 | 9 | Adds "high quality, rigorous, relevant learning opportunities" to mission of K-20 |
| _ | - | education system. |
| 4 | 9 | Repeals guiding principles for BEST. |
| 5 | 9 | Requires Commissioner to seek public input and secure legislative review of NCLB state |
| J | | plan after 2007 reauthorization. |
| 6 | 9 | Requires SBE to periodically review and evaluate SSS standards; integrate reading, |
| <u> </u> | | writing, and math; review for each subject must include representatives from each other |
| | | subject area; requires SBE to adopt rules so part-time and full-time nondegreed career |
| | | education teachers can earn a reading credential. |
| 7 | 11 | Establishes Commissioner as the sole custodian of the K-20 Data Warehouse. Requires |
| · | | Commissioner to seek public input and secure legislative review of NCLB state plan |
| | | after 2007 reauthorization. |
| 8 | 15 | Establishes Just Read! Office in law; provides duties. |
| 9 | 17 | Removes BEST guiding principles. |
| 10 | 18 | Authorizes districts to adopt policies for complete education program that emphasize |
| 10 | | integration and reinforcement of reading, writing and mathematics across all subject |
| | | areas, including career and technical ed. |
| 11 | 18 | Establishes a uniform school start date; removes reference to BEST Program; provides |
| •• | 10 | school improvement plan requirements; requires school district school improvement and |
| | | student progression systems to be aligned with SSS; requires schools graded "C" or less |
| | | to have specific school improvement plan components; conforms language to removal of |
| | | rigorous reading requirement; conforms school grade nomenclature; requires public |
| | | reports to be understandable, in multimedia formats; high school reports must include |
| | | graduation rate, by ethnicity, calculated without GEDs; requires districts with "D" and |
| | | "F" schools to cooperate with community assessment teams. |
| 12 | 24 | Repeals BEST reference. |
| 13 | 24 | Removes BEST reference; requires school principal to provide instructional leadership |
| | | in all phases of school improvement plan. |
| 14 | 25 | Conforms school grade language. |
| 15 | 27 | Adds speech and language pathology to ESE services. |
| 16 | 28 | Deletes military dependents preference for admission to special academic programs even |
| 10 | | if maximum enrollment has been reached; deletes charter schools from definition of |
| | | special academic program; adds Advanced International Certificate of Education. |
| 17 | 28 | Provides guiding principles for secondary school reform; requires school districts to |
| _, | _* | establish policies to implement middle school reform, high school reform, and career |
| | | academies based on principles; SBE must approve school district policies; requires DOE |
| | | to perform certain activities to support secondary reform; district pupil progression plans |
| | | may add additional requirements and/or courses in art, music, physical education, and |
| | | other electives. |
| 18 | 32 | Repeals Middle Grades Reform Act. |
| 19 | 32 | Establishes middle grades course requirements for promotion; requires middle school or |
| == = | = | higher courses in English (3), math (3), social studies (3), science (3); career and |
| | | education planning (1/2); requires intervention for FCAT Level 1 and 2 readers and |
| | | Level 1 FCAT Math; provides SBE rule-making authority. |
| 20 | 34 | Adds requirement that districts offer courses necessary for middle grades promotion. |
| 21 | 35 | Creates new revised high school graduation requirements based on recommendations of |
| | | High School Reform Task Force; requires 24 total credits, International Baccalaureate, or |

A++ Section Description

| Section | Page | PCB PKT 06-01 |
|---------|------|---|
| | | Advanced International Certificate of Education curriculum; all credits can be earned through applied or integrated courses; core curriculum (14 credits); 4 credits in English; 4 credits in math, to include Algebra I; 3 credits in science; 3 credits in social studies; 4 |
| | | credits in major; 6 credits that may be used for a second major, a minor area of study (3 credits) or any combination of electives; requires remediation for Level 1 and 2 readers |
| | | and Level 1 math students; allows for credit recovery that counts as both elective credit and credit for the required course; provides SBE rule-making authority. |
| 22 | 40 | Adds middle grades to current high school grading system. |
| 23 | 41 | Repeals requirement that DOE conduct studies on industry certified career education programs—reports are done. |
| 24 | 41 | Defines career and professional academies; specifies goals of the academies; provides requirements of academies relating to curriculum, partnerships, instruction, career education certification, and evaluation. |
| 25 | 45 | Provides that the cost of instruction, facilities, and services for out-of-state special needs students served in Florida residential facilities be paid by student's home state; requires DOE to provide technical assistance. |
| 26 | 48 | Requires DOE to establish a uniform IEP form; requires online access to form. |
| 27 | 49 | Corrects cross reference to non-resident special needs students above. See Section 25 above. |
| 28 | 49 | Conforms school grade language; conforms provisions relating to differentiated pay. |
| 29 | 52 | Creates Florida Ready to Work Certificate Program to enhance workplace skills; provides for program implementation and requirements; authorizes SBE to adopt rules. |
| 30 | 53 | Cross references differentiated pay. |
| 31 | 53 | Changes date that American Sign Language teacher must be certified from 1/1/2008, to 7/1/2009; deletes requirement to obtain certification through Florida American Sign Language Teachers' Association by 1/1/2006; eliminates that certification as an alternative track. |
| 32 | 54 | Revises FCAT grade level and subject area testing requirements; requires Commissioner to document 10 th grade retakes equally difficult as original 10 th grade test; requires opportunity for students to demonstrate competence after summer academies; directs DOE to study end-of-course assessments; revises concordance studies and FCAT substitution to make permanent; requires annual report on student performance data. |
| 33 | 61 | Repeals section regarding use of concordant scores. Made permanent in Section 32. |
| 34 | 61 | Authorizes districts to require attendance of low-performing students at remediation programs; requires DOE to establish a uniform format for reporting student progression; allows 90 days in advance of due date for districts to have report format. |
| 35 | 63 | Repeals concordance study requirement. See Section 32. |
| 36 | 63 | Revises K-20 education performance accountability system; deletes performance-based funding provisions; revises the mission, goals, and system wide measures; requires data collection; requires SBE to adopt rules; requires SUS data to be included. |
| 37 | 67 | Conforms school grade language; authorizes SBE to direct principal to recommend corrective actions for low performing staff; SBE may also recommend annual publication of "F" high school's graduation rate, by ethnicity, calculated without GEDs; corrects cross reference. |
| 38 | 70 | Revises school grade language; requires calculation of improvement of lowest 25 th percentile in reading; allows alternative schools to choose to receive a grade or a school improvement rating; requires that performance of certain students in alternative schools be included in the home school's grade if the alternative school chooses to receive a school improvement rating; revises school report card requirements; requires DOE to |

A++ Section Description

| Section | Page | PCB PKT 06-01 |
|---------|------------|--|
| | | post report cards on its website; conforms school grade language. |
| 39 | 74 | Establishes that alternative schools may choose to receive a school improvement rating |
| | | in lieu of a school grade, based on FCAT scores; requires SBE to adopt rules. |
| 40 | 77 | Provides that a community assessment team may review "D" or "F" high school's |
| | | graduation rate, by ethnicity, calculated without GEDs; provides conditions for |
| | | determination that a school district is in a state of educational emergency; authorizes the |
| | | Governor and Commissioner to intervene; provides procedures to resolve the emergency; |
| | | authorizes the establishment of educational emergency boards and provides duties; |
| • | | requires an action plan for ending educational emergency status. Conforms school grade |
| | | language. |
| 41 | 8 1 | Adds alternative schools receiving an improvement rating to School Recognition |
| | | Program; requires school improvement plan to include uses of school recognition funds |
| | | as determined by staff and school advisory council; allows for student incentives. |
| 42 | 82 | FEFP statute; allows funding beyond 180 days for students in certain juvenile programs; |
| | | conforms school grade language; corrects cross references; establishes the research- |
| | | based reading instruction allocation; specifies allocation and use of funds; requires that |
| | | teachers receive inservice credit for training in using materials purchased with the funds; |
| | | requires districts to submit plans for use of funds; allows for an appeal; allows high- |
| | | performing districts reasonable flexibility in plan development; allows DOE to withhold |
| | | funds if not being spent according to the district's plan. |
| 43 | 95 | Conforms school grade language. |
| 44 | 95 | Requires district superintendent to certify that district staff development plan includes |
| | | training teachers to use instructional materials that are in the first two years of the |
| | | adoption cycle. |
| 45 | 98 | Authorizes use of class size reduction operating funds to implement performance pay and |
| | | differentiated pay requirements when class size requirements are met; removes reference |
| 16 | 00 | to BEST Program. |
| 46 | 98 | Corrects an FEFP cross-reference. |
| 47 | 99 | Requires DOE to provide electronic links to district postings of collective bargaining |
| 40 | 00 | contracts and salaries/benefits of association personnel paid by the school district. |
| 48 | 99 | Requires districts to adopt policy on differentiated pay by 2007-2008 school year. |
| 49 | 101 | Provides requirements for the assignment of teachers; low performing schools may not |
| | | have higher percentage than the district average of teachers who are in need of |
| 50 | 100 | improvement, first-time, temporarily certified, or out of field. |
| - 50 | 102 | Requires that 2006-07 salary schedules be consistent with the district's performance pay |
| | | policy and 07-08 salary schedules be consistent with district's differentiated pay policy; |
| 51 | 103 | removes reference to BEST Program. |
| 52 | 103 | Corrects a differentiated pay cross reference. Removes a reference to rigorous reading requirement. |
| 53 | | Encourages school districts to provide means for middle school teachers holding only a |
| 33 | 104 | K-5 certification to obtain subject area coverage for middle grades. |
| 54 | 106 | Establishes the William Cecil Golden Professional Development Program for School |
| 34 | 100 | |
| | | Leaders; provides a definition; requires DOE to develop criteria for designation titles; provides requirements; requires SBE to adopt rules. |
| 55 | 107 | Repeals SBE authority to adopt rules for school principal leadership designation (rule |
| 33 | 10/ | authority included in 1012.986). |
| 56 | 107 | Provides for effective date upon becoming a law. |
| 70 | 10/ | 1 Tovides for effective date upon becoming a law. |

1 A bill to be entitled 2 An act relating to education; amending s. 11.90, F.S.; authorizing the Legislative Budget Commission to review a 3 4 state plan to implement federal requirements; amending s. 5 20.15, F.S.; establishing the Division of Accountability, 6 Research, and Measurement in the Department of Education; 7 amending s. 1000.03, F.S.; revising the mission of the 8 state's K-20 education system; repealing s. 1000.041, 9 F.S., to conform provisions relating to the 2005 repeal of 10 the BEST Florida Teaching salary career ladder program; 11 amending s. 1001.02, F.S.; requiring legislative review of 12 a revised state plan to implement certain federal 13 requirements; amending s. 1001.03, F.S.; requiring 14 periodic review of Sunshine State Standards subject areas 15 and an annual status report; requiring rules to earn a reading credential equivalent; requiring the maintenance 16 17 of a uniform school district personnel classification 18 system; amending s. 1001.10, F.S.; requiring legislative 19 review of a revised state plan to implement certain 20 federal requirements; creating s. 1001.215, F.S.; creating 21 the Just Read, Florida! Office in the Department of 22 Education; providing duties; amending s. 1001.33, F.S.; 23 conforming provisions relating to the 2005 repeal of the 24 BEST Florida Teaching salary career ladder program; 25 amending s. 1001.41, F.S.; requiring district school 26 boards to adopt standards and policies to provide each 27 student a complete education program; amending s. 1001.42,

School Leaders; defining the term "school leader"; providing for school leader designations; providing program requirements and delivery systems; requiring adoption of rules; repealing s. 1012.987, F.S., which requires the State Board of Education to adopt rules through which school principals may earn a leadership designation; providing an effective date.

WHEREAS, students will have the best opportunity to obtain a high-quality education in the public education system of this state and that system can best be enhanced when resources are allocated efficiently and are concentrated in a rigorous and relevant classroom learning environment, when teachers and principals are supported, when high-quality educational opportunity is reinforced through shared high academic and career expectations, when accurate data is consistently maintained and used to drive systemwide decisionmaking, and when successes are rewarded, failures are identified, and the public is apprised of both successes and failures, NOW, THEREFORE,

Be It Enacted by the Legislature of the State of Florida:

- Section 1. Subsection (8) is added to section 11.90, Florida Statutes, to read:
- 228 11.90 Legislative Budget Commission.--
 - (8) Upon the 2007 reauthorization of the federal No Child Left Behind Act of 2001, the commission may review the proposed state plan of the State Board of Education and the Commissioner of Education before that plan is submitted.

Page 8 of 107

CODING: Words stricken are deletions; words underlined are additions.

- Section 2. Paragraph (f) is added to subsection (3) of section 20.15, Florida Statutes, to read:
 - 20.15 Department of Education. -- There is created a Department of Education.
 - (3) DIVISIONS.--The following divisions of the Department of Education are established:
 - (f) Division of Accountability, Research, and Measurement.
 Section 3. Subsection (4) of section 1000.03, Florida
 Statutes, is amended to read:
 - 1000.03 Function, mission, and goals of the Florida K-20 education system.--
 - (4) The mission of Florida's K-20 education system is to allow its students to increase their proficiency by allowing them the opportunity to expand their knowledge and skills through high-quality, rigorous, relevant adequate learning opportunities, in accordance with the mission statement and accountability requirements of s. 1008.31.
 - Section 4. <u>Section 1000.041</u>, Florida Statutes, is repealed.
- Section 5. Paragraph (g) of subsection (2) of section 252 1001.02, Florida Statutes, is amended to read:
 - 1001.02 General powers of State Board of Education. --
 - (2) The State Board of Education has the following duties:
 - (g) To approve plans for cooperating with the Federal Government. Upon the 2007 reauthorization of the federal No Child Left Behind Act of 2001, the Commissioner of Education shall seek public input and secure legislative review of the revised state plan prior to submission.
 - Section 6. Subsections (1), (3), and (14) of section 1001.03, Florida Statutes, are amended to read:

1001.03 Specific powers of State Board of Education. --

- (1) PUBLIC K-12 STUDENT PERFORMANCE STANDARDS.--The State Board of Education shall approve the student performance standards known as the Sunshine State Standards in key academic subject areas and grade levels. The state board shall establish a schedule to facilitate the periodic review of each subject area to maintain rigor, relevance, integration, and reinforcement for student achievement and articulation and evaluate how the standards are taught at each grade level. The review teams for each Sunshine State Standards subject area must include representatives from each other Sunshine State Standards subject area to support valid integration of content and to address the learning styles and instructional needs of all students. Each review team must address the following:
- (a) Rigor, relevance, logical student progression, articulation from grade to grade, and integration of reading, writing, and mathematics.
- (b) Timelines for revision of course descriptions, adoption of instructional materials, modifications to the statewide assessment, and enhancements to professional development.
- (c) Input from parents, classroom teachers, school and district administrators, community college and university faculty, and business representatives, in collaboration with local education foundations.

The review schedule and an annual status report must be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives annually not later than January 1.

(3) PROFESSIONAL CERTIFICATES. -- The State Board of

Page 10 of 107

Education shall classify school services, designate the certification subject areas, establish competencies, including the use of technology to enhance student learning, and certification requirements for all school-based personnel, and prescribe rules in accordance with which the professional, temporary, and part-time certificates shall be issued by the Department of Education to applicants who meet the standards prescribed by such rules for their class of service, as described in chapter 1012. The state board shall adopt rules that give part-time and full-time nondegreed teachers of career programs, pursuant to s. 1012.39(1)(c), the opportunity to earn a reading credential equivalent to a reading endorsement.

(14) UNIFORM CLASSIFICATION SYSTEM FOR SCHOOL DISTRICT ADMINISTRATIVE AND MANAGEMENT PERSONNEL.—The State Board of Education shall maintain recommend to the Legislature by February 1, 2003, a uniform classification system for school district administrative and management personnel that will facilitate the uniform coding of administrative and management personnel to total district employees.

Section 7. Section 1001.10, Florida Statutes, is amended to read:

1001.10 Commissioner of Education; general powers and duties.—The Commissioner of Education is the chief educational officer of the state and the sole custodian of the K-20 data warehouse, and is responsible for giving full assistance to the State Board of Education in enforcing compliance with the mission and goals of the seamless K-20 education system. To facilitate innovative practices and to allow local selection of educational methods, the State Board of Education may authorize the

commissioner to waive, upon the request of a district school board, State Board of Education rules that relate to district school instruction and school operations, except those rules pertaining to civil rights, and student health, safety, and welfare. The Commissioner of Education is not authorized to grant waivers for any provisions in rule pertaining to the allocation and appropriation of state and local funds for public education; the election, compensation, and organization of school board members and superintendents; graduation and state accountability standards; financial reporting requirements; reporting of out-offield teaching assignments under s. 1012.42; public meetings; public records; or due process hearings governed by chapter 120. No later than January 1 of each year, the commissioner shall report to the Legislature and the State Board of Education all approved waiver requests in the preceding year. Additionally, the commissioner has the following general powers and duties:

- (1) To appoint staff necessary to carry out his or her powers and duties.
- (2) To advise and counsel with the State Board of Education on all matters pertaining to education; to recommend to the State Board of Education actions and policies as, in the commissioner's opinion, should be acted upon or adopted; and to execute or provide for the execution of all acts and policies as are approved.
- (3) To keep such records as are necessary to set forth clearly all acts and proceedings of the State Board of Education.
- (4) To have a seal for his or her office with which, in connection with his or her own signature, the commissioner shall authenticate true copies of decisions, acts, or documents.

- (5) To recommend to the State Board of Education policies and steps designed to protect and preserve the principal of the State School Fund; to provide an assured and stable income from the fund; to execute such policies and actions as are approved; and to administer the State School Fund.
- (6) To take action on the release of mineral rights based upon the recommendations of the Board of Trustees of the Internal Improvement Trust Fund.
- August 1 of each year, recommendations for a coordinated K-20 education budget that estimates the expenditures for the State Board of Education, including the Department of Education, the Commissioner of Education, and all of the boards, institutions, agencies, and services under the general supervision of the State Board of Education for the ensuing fiscal year. Any program recommended to the State Board of Education that will require increases in state funding for more than 1 year must be presented in a multiyear budget plan.
- (8) To develop and implement a plan for cooperating with the Federal Government in carrying out any or all phases of the educational program and to recommend policies for administering funds that are appropriated by Congress and apportioned to the state for any or all educational purposes. <u>Upon the 2007</u> reauthorization of the federal No Child Left Behind Act of 2001, the commissioner shall seek public input and secure legislative review of the revised state plan prior to submission.
- (9) To develop and implement policies for cooperating with other public agencies in carrying out those phases of the program in which such cooperation is required by law or is deemed by the

commissioner to be desirable and to cooperate with public and nonpublic agencies in planning and bringing about improvements in the educational program.

- (10) To prepare forms and procedures as are necessary to be used by district school boards and all other educational agencies to assure uniformity, accuracy, and efficiency in the keeping of records, the execution of contracts, the preparation of budgets, or the submission of reports; and to furnish at state expense, when deemed advisable by the commissioner, 'those forms that can more economically and efficiently be provided.
- (11) To implement a program of school improvement and education accountability designed to provide all students the opportunity to make adequate learning gains in each year of school as provided by statute and State Board of Education rule based upon the achievement of the state education goals, recognizing the following:
- (a) The State Board of Education is the body corporate responsible for the supervision of the system of public education.
- (b) The district school board is responsible for school and student performance.
- (c) The individual school is the unit for education accountability.
- (d) The community college board of trustees is responsible for community college performance and student performance.
- (e) The university board of trustees is responsible for university performance and student performance.
- (12) To establish a Citizen Information Center responsible for the preparation, publication, and distribution of materials

Page 14 of 107

378 l

relating to the state system of seamless K-20 public education.

- (13) To prepare and publish annually reports giving statistics and other useful information pertaining to the Opportunity Scholarship Program.
- (14) To have printed or electronic copies of school laws, forms, instruments, instructions, and rules of the State Board of Education and provide for their distribution.
- (15) To develop criteria for use by state instructional materials committees in evaluating materials submitted for adoption consideration. The criteria shall, as appropriate, be based on instructional expectations reflected in curriculum frameworks and student performance standards. The criteria for each subject or course shall be made available to publishers of instructional materials pursuant to the requirements of chapter 1006.
- (16) To prescribe procedures for evaluating instructional materials submitted by publishers and manufacturers in each adoption.

The commissioner's office shall operate all statewide functions necessary to support the State Board of Education and the K-20 education system, including strategic planning and budget development, general administration, and assessment and accountability.

Section 8. Section 1001.215, Florida Statutes, is created to read:

1001.215 Just Read, Florida! Office. -- There is created in the Department of Education the Just Read, Florida! Office. The

office shall be fully accountable to the Commissioner of Education and shall:

- (1) Train highly effective reading coaches.
- (2) Create multiple designations of effective reading instruction, with accompanying endorsement credentials, which encourage all teachers to integrate reading instruction into their content areas.
- (3) Train K-12 teachers, school principals, and parents on research-based reading instructional strategies and secondary teachers on effective instructional strategies for teaching reading in the content areas with an emphasis on reading for information.
- (4) Provide technical assistance to school districts in the development and implementation of district plans for use of the research-based reading instruction allocation provided under s. 1011.62(8) and annually review and approve such plans.
- (5) Review, evaluate, and provide technical assistance to school districts on their implementation of the K-12 comprehensive reading plan required by s. 1011.62(8).
- (6) Provide information on research-based reading programs and effective instructional strategies for teaching reading in the content areas and support for reading for information.
- (7) Periodically review the Sunshine State Standards for reading at all grade levels.
- (8) Periodically review teacher certification examinations to ascertain whether the examinations measure the skills needed for research-based reading, instructional strategies for teaching reading in the content areas, and support for reading for information.

Page 16 of 107

- (9) Work with teacher preparation programs approved pursuant to s. 1004.04 to integrate into teacher preparation programs research-based reading instructional strategies and instructional strategies for teaching reading in the content areas.
- (10) Administer grants and perform other functions as necessary to meet the goal that all students read at grade level.

 Section 9. Section 1001.33, Florida Statutes, is amended to read:
- 1001.33 Schools under control of district school board and district school superintendent.--
- (1) Except as otherwise provided by law, all public schools conducted within the district shall be under the direction and control of the district school board with the district school superintendent as executive officer.
- (2) Each district school board, each district school superintendent, and each district and school based administrator shall cooperate to apply the following guiding principles of Better Educated Students and Teachers (BEST) Florida Teaching:
 - (a) Teachers lead, students learn.
- (b) Teachers maintain orderly, disciplined classrooms conducive to student learning.
- (c) Teachers are trained, recruited, well compensated, and retained for quality.
- (d) Teachers are well rewarded for their students' high performance.
- (e) Teachers are most effective when served by exemplary
 school administrators.

Section 10. Subsection (3) of section 1001.41, Florida Statutes, is amended to read:

- 1001.41 General powers of district school board.--The district school board, after considering recommendations submitted by the district school superintendent, shall exercise the following general powers:
- each student the opportunity to receive a complete education program, including language arts, mathematics, science, social studies, health, physical education, foreign languages, and the arts, as defined by the Sunshine State Standards. The standards and policies must emphasize integration and reinforcement of reading, writing, and mathematics skills in a rigorous and relevant context across all subjects, including career and technical education as are considered desirable by it for improving the district school system.
- Section 11. Paragraph (f) of subsection (4), paragraph (c) of subsection (5), subsection (16), paragraph (d) of subsection (17), and subsection (18) of section 1001.42, Florida Statutes, are amended to read:
- 1001.42 Powers and duties of district school board.--The district school board, acting as a board, shall exercise all powers and perform all duties listed below:
- (4) ESTABLISHMENT, ORGANIZATION, AND OPERATION OF SCHOOLS.—Adopt and provide for the execution of plans for the establishment, organization, and operation of the schools of the district, including, but not limited to, the following:
- (f) Opening and closing of schools; fixing uniform date.--Adopt policies for the opening and closing of schools and

Page 18 of 107

fix uniform dates provided that the opening date of the school year for schools in the district shall be no earlier than 7 days before Labor Day each year.

(5) PERSONNEL.--

- (c) Fully support and cooperate in the application of the guiding principles of Better Educated Students and Teachers (BEST) Florida Teaching, pursuant to s. 1000.041.
- ACCOUNTABILITY. -- Maintain a system of school improvement and education accountability as provided by statute and State Board of Education rule. This system of school improvement and education accountability shall be consistent with, and implemented through, the district's continuing system of planning and budgeting required by this section and ss. 1008.385, 1010.01, and 1011.01. This system of school improvement and education accountability shall include, but is not limited to, the following:
- (a) School improvement plans.—Annually approve and require implementation of a new, amended, or continuation school improvement plan for each school in the district, except that a district school board may establish a district school improvement plan that includes all schools in the district operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs. The school improvement Such plan shall be designed to achieve the state education priorities pursuant to s. 1000.03(5) and student proficiency on the Sunshine State Standards pursuant to s. 1003.41 performance standards. In addition, any school required to implement a rigorous reading requirement pursuant to s. 1003.415 must include such component

in its school improvement plan. Each plan shall also address issues relative to budget, training, instructional materials, technology, staffing, student support services, specific school safety and discipline strategies, student health and fitness, including physical fitness, parental involvement information on student health and fitness, and indoor environmental air quality, and other matters of resource allocation, as determined by district school board policy, and shall include be based on an accurate, data-based analysis of student achievement and other school performance data. For each school in the district that earns a school grade of "C" or below, or is required to have a school improvement plan under federal law, the school improvement plan shall, at a minimum include:

- 1. A needs assessment, based on disaggregated student achievement data related to student performance on the FCAT, which is used to identify each individual student subgroup's strengths and weaknesses and to determine the effectiveness of the teaching and learning strategies that are being used in the classroom.
- 2. Performance goals, based on the needs assessment, with measurable objectives of improvement in the areas of language arts, mathematics, and science for each student subgroup.
- 3. A Sunshine State Standards instructional calendar and timeline based on the needs assessment for each grade and in each of the subject areas of language arts, mathematics, and science to focus and integrate instruction, manage instructional time, and allocate resources.
 - 4. The following strategies:

- a. Mini-assessments of targeted Sunshine State Standards benchmarks that provide ongoing progress monitoring of students and generate data to redesign instruction.
- b. Alternative in-school, tutorial, remediation, or enrichment programs for students that are based on each student's individual academic needs as defined by performance on the miniassessments.
- c. A student performance monitoring plan and clearly assigned school personnel monitoring responsibilities.
- 5. Professional development that supports enhanced instructional strategies, improves teaching and learning, and addresses skill gaps.
- 6. If the school is a high school, annual publication of the school's graduation rate calculated without GEDs for the past 3 years, disaggregated by student ethnicity.

For each school district with a school designated with a grade of "D" or "F," the district school board shall cooperate with the community assessment team assigned by the commissioner in accordance with s. 1008.345(6)(d).

(b) Alignment with Sunshine State Standards.--Design the school district's system of school improvement and student progression to provide frequent and accurate information to the teacher and student regarding each student's progress toward mastering the Sunshine State Standards. The system must support the alignment of the Sunshine State Standards, monitoring of individual student progress, and enhanced instructional strategies, assessment, and professional development.

(c) (b) Approval process. -- Develop a process for approval of a school improvement plan presented by an individual school and its advisory council. In the event a district school board does not approve a school improvement plan after exhausting this process, the Department of Education shall be notified of the need for assistance.

(d) (c) Assistance and intervention. --

- 1. Develop a 2-year plan of increasing individualized assistance and intervention for each school in danger of not meeting state standards or making adequate progress, as defined pursuant to statute and State Board of Education rule, toward meeting the goals and standards of its approved school improvement plan.
- 2. Provide assistance and intervention to a school that is designated with a identified as being in performance grade of category "D" pursuant to s. 1008.34 and is in danger of failing.
- 3. Develop a plan to encourage teachers with demonstrated mastery in improving student performance to remain at or transfer to a school designated with a as performance grade of category "D" or "F" or to an alternative school that serves disruptive or violent youths. If a classroom teacher, as defined by s. 1012.01(2)(a), who meets the definition of teaching mastery developed according to the provisions of this paragraph, requests assignment to a school designated with a as performance grade of category "D" or "F" or to an alternative school that serves disruptive or violent youths, the district school board shall make every practical effort to grant the request.
- 4. Prioritize, to the extent possible, the expenditures of funds received from the supplemental academic instruction

Page 22 of 107

categorical fund under s. 1011.62(1)(f) to improve student performance in schools that receive a performance grade category designation of "D" or "F."

(e) (d) After 2 years.--Notify the Commissioner of Education and the State Board of Education in the event any school does not make adequate progress toward meeting the goals and standards of a school improvement plan by the end of 2 years of failing to make adequate progress and proceed according to guidelines developed pursuant to statute and State Board of Education rule. School districts shall provide intervention and assistance to schools in danger of being designated with a as performance grade of category "F," failing to make adequate progress.

(f)(e) Public disclosure.--Provide information regarding performance of students and educational programs as required pursuant to ss. 1008.22 and 1008.385 and implement a system of school reports as required by statute and State Board of Education rule that shall include schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, and for those schools, report on the elements specified in s. 1003.52(19). Annual public disclosure reports shall be in an understandable and easy-to-read report card format, use multiple media such as electronic mail, websites, public service announcements, or print or electronic advertising, and shall include the school's student and school performance grade, high school graduation rate calculated without GEDs, disaggregated by student ethnicity, category designation and other performance data as specified in state board rule.

for developing and implementing school improvement plans. Such

(g) (f) School improvement funds. -- Provide funds to schools

funds shall include those funds appropriated for the purpose of school improvement pursuant to s. 24.121(5)(c).

- (17) LOCAL-LEVEL DECISIONMAKING. --
- (d) Adopt policies that assist in giving greater autonomy, including authority over the allocation of the school's budget, to schools designated with a as performance grade of category "A," making excellent progress, and schools rated as having improved at least two grades performance grade categories.
- (18) OPPORTUNITY SCHOLARSHIPS. -- Adopt policies allowing students attending schools that have been designated with a as performance grade of category "F," failing to make adequate progress, for 2 school years in a 4-year period to attend a higher performing school in the district or an adjoining district or be granted a state opportunity scholarship to a private school, in conformance with s. 1002.38 and State Board of Education rule.

Section 12. <u>Subsection (24) of section 1001.51</u>, <u>Florida Statutes</u>, is repealed.

Section 13. Paragraphs (c) and (d) of subsection (1) and subsection (2) of section 1001.54, Florida Statutes, are amended to read:

1001.54 Duties of school principals.--

(1)

- (c) The school principal shall encourage school personnel to implement the guiding principles for Better Educated Students and Teachers (BEST) Florida Teaching, pursuant to s. 1000.041.
- (c) (d) The school principal shall fully support the authority of each teacher and school bus driver to remove disobedient, disrespectful, violent, abusive, uncontrollable, or

Page 24 of 107

disruptive students from the classroom and the school bus and, when appropriate and available, place such students in an alternative educational setting.

(2) Each school principal shall provide <u>instructional</u> leadership in the development, or revision, and implementation of a school improvement plan, pursuant to s. 1001.42(16).

Section 14. Subsection (2) and paragraphs (a) and (b) of subsection (3) of section 1002.38, Florida Statutes, are amended to read:

1002.38 Opportunity Scholarship Program. --

- (2) OPPORTUNITY SCHOLARSHIP ELIGIBILITY. -- A public school student's parent may request and receive from the state an opportunity scholarship for the student to enroll in and attend a private school in accordance with the provisions of this section if:
- (a)1. By assigned school attendance area or by special assignment, the student has spent the prior school year in attendance at a public school that has been designated pursuant to s. 1008.34 with a as performance grade of category "F," failing to make adequate progress, and that has had 2 school years in a 4-year period of such low performance, and the student's attendance occurred during a school year in which such designation was in effect;
- 2. The student has been in attendance elsewhere in the public school system and has been assigned to such school for the next school year; or
- 3. The student is entering kindergarten or first grade and has been notified that the student has been assigned to such school for the next school year.

693 l

(b) The parent has obtained acceptance for admission of the student to a private school eligible for the program pursuant to subsection (4), and has notified the Department of Education and the school district of the request for an opportunity scholarship no later than July 1 of the first year in which the student intends to use the scholarship.

- The provisions of this section shall not apply to a student who is enrolled in a school operating for the purpose of providing educational services to youth in Department of Juvenile Justice commitment programs. For purposes of continuity of educational choice, the opportunity scholarship shall remain in force until the student returns to a public school or, if the student chooses to attend a private school the highest grade of which is grade 8, until the student matriculates to high school and the public high school to which the student is assigned is an accredited school with a performance grade category designation of "C" or better. However, at any time upon reasonable notice to the Department of Education and the school district, the student's parent may remove the student from the private school and place the student in a public school, as provided in subparagraph (3)(a)2.
 - (3) SCHOOL DISTRICT OBLIGATIONS.--
- (a) A school district shall, for each student enrolled in or assigned to a school that has been designated with a as performance grade of category "F" for 2 school years in a 4-year period:
- 1. Timely notify the parent of the student as soon as such designation is made of all options available pursuant to this section.

Page 26 of 107

- 2. Offer that student's parent an opportunity to enroll the student in <u>a</u> the public school within the district that has been designated by the state pursuant to s. 1008.34 as a school performing higher than that in which the student is currently enrolled or to which the student has been assigned, but not less than performance grade category "C." The parent is not required to accept this offer in lieu of requesting a state opportunity scholarship to a private school. The opportunity to continue attending the higher performing public school shall remain in force until the student graduates from high school.
- (b) The parent of a student enrolled in or assigned to a school that has been designated with a performance grade of category "F" for 2 school years in a 4-year period may choose as an alternative to enroll the student in and transport the student to a higher-performing public school that has available space in an adjacent school district, and that school district shall accept the student and report the student for purposes of the district's funding pursuant to the Florida Education Finance Program.

Section 15. Paragraph (b) of subsection (3) of section 1003.01, Florida Statutes, is amended to read:

1003.01 Definitions.--As used in this chapter, the term:

(3)

(b) "Special education services" means specially designed instruction and such related services as are necessary for an exceptional student to benefit from education. Such services may include: transportation; diagnostic and evaluation services; social services; physical and occupational therapy; speech and language pathology services; job placement; orientation and

Page 27 of 107

mobility training; braillists, typists, and readers for the blind; interpreters and auditory amplification; rehabilitation counseling; transition services; mental health services; guidance and career counseling; specified materials, assistive technology devices, and other specialized equipment; and other such services as approved by rules of the state board.

Section 16. Subsection (3) of section 1003.05, Florida Statutes, is amended to read:

1003.05 Assistance to transitioning students from military families.--

who otherwise meet the eligibility criteria for special academic programs offered through public schools shall be given first preference for admission to such programs even if the program is being offered through a public school other than the school to which the student would generally be assigned and the school at which the program is being offered has reached its maximum enrollment. If such a program is offered through a public school other than the school to which the student would generally be assigned, the parent or guardian of the student must assume responsibility for transporting the student to that school. For purposes of this subsection, special academic programs include charter schools, magnet schools, advanced studies programs, advanced placement, dual enrollment, Advanced International Certificate of Education, and International Baccalaureate.

Section 17. Section 1003.413, Florida Statutes, is created to read:

1003.413 Secondary school reform. --

(1) Secondary schools are schools that primarily serve

Page 28 of 107

A++ PCB Final March 7

CODING: Words stricken are deletions; words underlined are additions.

students in grades 6 through 12. It is the intent of the Legislature to provide for secondary school reform so that students promoted from the 8th grade have the necessary academic skills for success in high school and students graduating from high school have the necessary skills for success in the workplace and postsecondary education.

- (2) Guiding principles for secondary school reform are:
- (a) Struggling students, especially those in failing schools, need the highest quality teachers and dramatically different innovative approaches to teaching and learning.
- (b) Every teacher must contribute to every student's reading improvement.
- (c) Quality professional development provides teachers and principals with the tools they need to better serve students.
- (d) Small learning communities allow teachers to personalize instruction to better address student learning styles, strengths, and weaknesses.
- (e) Intensive intervention in reading and mathematics must occur early and through innovative delivery systems.
- (f) Parents need access to tools they can use to monitor their child's progress in school, communicate with teachers, and act early on behalf of their child.
- (g) Applied and integrated courses help students see the relationships between subjects and relevance to their futures.
- (h) Majors and minors allow students to choose courses and set goals based on their interests and talents.
- (i) Master schedules should not determine instruction and must be designed based on student needs, not adult or institutional needs.

Page 29 of 107

- (j) Academic and career planning engages students in developing a personally meaningful course of study so they can achieve goals they have set for themselves.
- (3) Based on these guiding principles, district school boards shall establish policies to implement the requirements of ss. 1003.4156, 1003.428, and 1003.493. The policies must address:
- (a) Procedures for placing and promoting students who enter a Florida public school at grade 6 through grade 12 from out of state or from a foreign country, including a review of the student's prior academic performance.
- (b) Alternative methods for students to demonstrate competency in required courses and credits, with special support for students who have been retained.
- (c) Applied, integrated, and combined courses that provide flexibility for students to enroll in courses that are creative and meet individual learning styles and student needs.
- (d) Credit recovery courses and intensive reading and mathematics intervention courses based on student performance on the FCAT. These courses should be competency based and offered through innovative delivery systems, including computer-assisted instruction. School districts should use learning gains as well as other appropriate data and provide incentives to identify and reward high-performing teachers who teach credit recovery and intensive intervention courses.
- (e) Grade forgiveness policies that replace a grade of "D" or "F" with a grade of "C" or higher earned subsequently in the same or a comparable course.
- (f) Summer academies for students to receive intensive reading and mathematics intervention courses or competency-based

Page 30 of 107

credit recovery courses. A student's participation in an instructional or remediation program prior to or immediately following entering grade 9 for the first time shall not affect that student's classification as a first-time 9th grader for reporting purposes.

- (g) Strategies to support teachers' pursuit of the reading endorsement and emphasize reading instruction professional development for content area teachers.
- (h) Creative and flexible scheduling designed to meet student needs.
- (i) Procedures for high school students who have not prepared an electronic personal education plan pursuant to s. 1003.4156 to prepare such plan.
- (j) Tools for parents to regularly monitor student progress and communicate with teachers.
- (k) Additional course requirements for promotion and graduation which may be determined by each school district in the student progression plan and may include additional academic, fine and performing arts, physical education, or career and technical education courses in order to provide a complete education program pursuant to s. 1001.41(3).

Within 30 days after adoption, the district school board policies shall be submitted to the State Board of Education for approval.

The district school board policies shall be deemed approved unless specifically rejected by the State Board of Education within 60 days after receipt.

(4) In order to support the successful implementation of this section by district school boards, the Department of

Page 31 of 107

| 896 | Education | shall | by | the | 2006-2007 | school | year: |
|-----|-----------|-------|----|-----|-----------|--------|-------|
|-----|-----------|-------|----|-----|-----------|--------|-------|

- (a) Increase the number of approved applied, integrated, and combined courses available to school districts.
- (b) Make available a professional development package designed to provide the information that content area teachers need to become proficient in applying scientifically based reading strategies through their content areas.
- (c) Share best practices for providing a complete education program to students enrolled in course recovery, credit recovery, intensive reading intervention, or intensive mathematics intervention.
- (d) Expedite assistance and decisions and coordinate policies throughout all divisions within the department to provide school districts with support to implement this section.
- (e) Use data to provide the Legislature with an annual longitudinal analysis of the success of this reform effort, including the progress of 6th grade students and 9th grade students scoring at Level 1 on FCAT Reading or FCAT Mathematics.
- (5) The Commissioner of Education shall create and implement the Secondary School Improvement Award Program to reward public secondary schools that demonstrate continuous student academic improvement and show the greatest gains in student academic achievement in reading and mathematics.
- Section 18. <u>Section 1003.415, Florida Statutes, is</u> repealed.
- Section 19. Section 1003.4156, Florida Statutes, is created to read:
- 1003.4156 General requirements for middle grades promotion.--

- (1) Beginning with students entering grade 6 in the 2006-2007 school year, promotion from a school composed of middle grades 6, 7, and 8 requires that:
- (a) The student must successfully complete academic courses as follows:
- 1. Three middle school or higher year-long courses in English. These courses shall emphasize literature, composition, and reading for information.
- 2. Three middle school or higher year-long courses in mathematics. Each middle school must offer at least one high-school-level mathematics course for which students may earn high school credit.
- 3. Three middle school or higher year-long courses in social studies, including American history and world history.
- 4. Three middle school or higher year-long courses in science.
- 5. One half-year course in career exploration and education planning to be completed in grade 7 or grade 8. The course may be taught by any member of the instructional staff; must include a web-based career exploration program; must include educational planning using the online student advising system Florida

 Academic Counseling and Tracking for Students at the Internet website FACTS.org; must provide information to each student about high school programs and courses that are available, including acceleration mechanisms, career and technical programs, and career and professional academies pursuant to s. 1003.493; and shall result in the completion of an electronic personal education plan. Each student's plan must be signed by the student, the student's guidance counselor, and the student's

925 l

parent. By January 1, 2007, the Department of Education shall develop a course framework and professional development materials for the career exploration and education planning course.

- (b) For each year in which a student scores at Level 1 on FCAT Reading, the student must be enrolled in and complete an intensive reading course the following year. Placement of Level 2 readers in either an intensive reading course or a content area course in which reading strategies are delivered shall be determined by diagnosis of reading needs. The department shall provide guidance on appropriate strategies for diagnosing and meeting the varying instructional needs of students reading below grade level. Reading courses shall be designed and offered pursuant to the comprehensive reading plan required by s. 1011.62(8).
- (c) For each year in which a student scores at Level 1 on FCAT Mathematics, the student must complete an intensive mathematics course the following year, which may be integrated into the student's required mathematics course. These courses are subject to approval by the department for inclusion in the Course Code Directory.
- (2) Students in grade 6, grade 7, or grade 8 who are not enrolled in schools with a middle grades configuration are subject to the promotion requirements of this section.
- (3) The State Board of Education may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section and may enforce the provisions of this section pursuant to s. 1008.32.

Section 20. Subsection (1) of section 1003.42, Florida Statutes, is amended to read:

Page 34 of 107

1003.42 Required instruction. --

- (1) Each district school board shall provide all courses required for middle grades promotion, high school graduation, and appropriate instruction designed to ensure that all students have the opportunity to meet State Board of Education adopted standards in the following subject areas: reading and other language arts, mathematics, science, social studies, foreign languages, health and physical education, and the arts.
- Section 21. Section 1003.428, Florida Statutes, is created to read:
- 1003.428 General requirements for high school graduation; revised.--
- (1) Except as otherwise authorized pursuant to s. 1003.429, beginning with students entering their first year of high school in the 2007-2008 school year, graduation requires the successful completion of a minimum of 24 credits, an International Baccalaureate curriculum, or an Applied International Certificate of Education curriculum. Students must be advised of eligibility requirements for state scholarship programs and postsecondary admissions.
- (2) The 24 credits may be earned through applied, integrated, and combined courses approved by the Department of Education and shall be distributed as follows:
 - (a) Fourteen core curriculum credits:
- 1. Four credits in English, with major concentration in composition, reading for information, and literature.
- 2. Four credits in mathematics, one of which must be
 Algebra I, a series of courses equivalent to Algebra I, or a
 higher-level mathematics course. School districts are encouraged

Page 35 of 107

to set specific goals to increase enrollments in, and successful completion of, geometry and Algebra II.

- 3. Three credits in science, two of which must have a laboratory component.
- 4. Three credits in social studies as follows: one credit in American history; one credit in world history; one-half credit in economics; and one-half credit in American government.
 - (b) Ten credits in majors, minors, or electives:
- 1. Four credits in a major area of study, such as sequential courses in a career and technical program, fine and performing arts, or academic content area, selected by the student as part of the education plan required by s. 1003.4156. Annually by October 1, the district school board shall approve major areas of study and submit the list of majors to the Commissioner of Education for approval. Each major shall be deemed approved unless specifically rejected by the commissioner within 60 days. Upon approval, each district's majors shall be available for use by all school districts and shall be posted on the department's website.
- 2. Six credits in elective courses selected by the student as part of the education plan required by s. 1003.4156. These credits may be combined to allow for a second major area of study pursuant to subparagraph 1., a minor area of study, elective courses, intensive reading or mathematics intervention courses, or credit recovery courses as described in this subparagraph.
- a. Minor areas of study are composed of three credits selected by the student as part of the education plan required by s. 1003.4156 and approved by the district school board.
 - b. Elective courses are selected by the student in order to

Page 36 of 107

pursue a complete education program as described in s. 1001.41(3) and to meet eligibility requirements for scholarships.

- c. For each year in which a student scores at Level 1 on FCAT Reading, the student must be enrolled in and complete an intensive reading course the following year. Placement of Level 2 readers in either an intensive reading course or a content area course in which reading strategies are delivered shall be determined by diagnosis of reading needs. The department shall provide guidance on appropriate strategies for diagnosing and meeting the varying instructional needs of students reading below grade level. Reading courses shall be designed and offered pursuant to the comprehensive reading plan required by s. 1011.62(8).
- d. For each year in which a student scores at Level 1 on FCAT Mathematics, the student must complete an intensive mathematics course the following year. These courses may be taught through applied, integrated, or combined courses and are subject to approval by the department for inclusion in the Course Code Directory.
- e. Credit recovery courses shall be offered so that students can simultaneously earn an elective credit and the recovered credit.
- (3) (a) A district school board may require specific courses and programs of study within the minimum credit requirements for high school graduation and shall modify basic courses, as necessary, to assure exceptional students the opportunity to meet the graduation requirements for a standard diploma, using one of the following strategies:
 - 1. Assignment of the exceptional student to an exceptional

Page 37 of 107

education class for instruction in a basic course with the same student performance standards as those required of nonexceptional students in the district school board student progression plan; or

- 2. Assignment of the exceptional student to a basic education class for instruction that is modified to accommodate the student's exceptionality.
- (b) The district school board shall determine which of these strategies to employ based upon an assessment of the student's needs and shall reflect this decision in the student's individual education plan.
- (4) Each district school board shall establish standards for graduation from its schools, which must include:
- (a) Earning passing scores on the FCAT, as defined in s. 1008.22(3)(c), or scores on a standardized test that are concordant with passing scores on the FCAT as defined in s. 1008.22(9).
- (b) Completion of all other applicable requirements prescribed by the district school board pursuant to s. 1008.25.
- (c) Achievement of a cumulative grade point average of 2.0 on a 4.0 scale, or its equivalent, in the courses required by this section.
- (5) The State Board of Education, after a public hearing and consideration, shall adopt rules based upon the recommendations of the commissioner for the provision of test accommodations and modifications of procedures as necessary for students with disabilities which will demonstrate the student's abilities rather than reflect the student's impaired sensory, manual, speaking, or psychological process skills.

Page 38 of 107

- (6) The public hearing and consideration required in subsection (5) shall not be construed to amend or nullify the requirements of security relating to the contents of examinations or assessment instruments and related materials or data as prescribed in s. 1008.23.
- (7)(a) A student who meets all requirements prescribed in subsections (1), (2), (3), and (4) shall be awarded a standard diploma in a form prescribed by the State Board of Education.
- (b) A student who completes the minimum number of credits and other requirements prescribed by subsections (1), (2), and (3), but who is unable to meet the standards of paragraph (4)(a), paragraph (4)(b), or paragraph (4)(c), shall be awarded a certificate of completion in a form prescribed by the State Board of Education. However, any student who is otherwise entitled to a certificate of completion may elect to remain in the secondary school either as a full-time student or a part-time student for up to 1 additional year and receive special instruction designed to remedy his or her identified deficiencies.
- (8) (a) Each district school board must provide instruction to prepare students with disabilities to demonstrate proficiency in the skills and competencies necessary for successful grade-to-grade progression and high school graduation.
- (b) A student with a disability, as defined in s.

 1007.02(2), for whom the individual education plan (IEP)

 committee determines that the FCAT cannot accurately measure the student's abilities taking into consideration all allowable accommodations, shall have the FCAT requirement of paragraph (4)(a) waived for the purpose of receiving a standard high school diploma, if the student:

Page 39 of 107

- 1. Completes the minimum number of credits and other requirements prescribed by subsections (1), (2), and (3).
- 2. Does not meet the requirements of paragraph (4)(a) after one opportunity in 10th grade and one opportunity in 11th grade.
- (9) The Commissioner of Education may award a standard high school diploma to honorably discharged veterans who started high school between 1937 and 1946 and were scheduled to graduate between 1941 and 1950 but were inducted into the United States Armed Forces between September 16, 1940, and December 31, 1946, prior to completing the necessary high school graduation requirements. Upon the recommendation of the commissioner, the State Board of Education may develop criteria and guidelines for awarding such diplomas.
- (10) The Commissioner of Education may award a standard high school diploma to honorably discharged veterans who started high school between 1946 and 1950 and were scheduled to graduate between 1950 and 1954, but were inducted into the United States Armed Forces between June 27, 1950, and January 31, 1955, and served during the Korean Conflict prior to completing the necessary high school graduation requirements. Upon the recommendation of the commissioner, the State Board of Education may develop criteria and guidelines for awarding such diplomas.
- (11) The State Board of Education may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section and may enforce the provisions of this section pursuant to s. 1008.32.

Section 22. Section 1003.437, Florida Statutes, is amended to read:

1003.437 Middle and high school grading system. -- The

Page 40 of 107

CODING: Words stricken are deletions; words underlined are additions.

grading system and interpretation of letter grades used <u>for</u>

1158 <u>students</u> in public <u>high</u> schools <u>in grades 6 through 12</u> shall be

1159 as follows:

- (1) Grade "A" equals 90 percent through 100 percent, has a grade point average value of 4, and is defined as "outstanding progress."
- (2) Grade "B" equals 80 percent through 89 percent, has a grade point average value of 3, and is defined as "above average progress."
- (3) Grade "C" equals 70 percent through 79 percent, has a grade point average value of 2, and is defined as "average progress."
- (4) Grade "D" equals 60 percent through 69 percent, has a grade point average value of 1, and is defined as "lowest acceptable progress."
- (5) Grade "F" equals zero percent through 59 percent, has a grade point average value of zero, and is defined as "failure."
- (6) Grade "I" equals zero percent, has a grade point average value of zero, and is defined as "incomplete."

For the purposes of class ranking <u>for students in grades 9</u> through 12, district school boards may exercise a weighted grading system.

Section 23. <u>Subsections (3) and (4) of section 1003.492,</u>

1181 <u>Florida Statutes, are repealed.</u>

Section 24. Section 1003.493, Florida Statutes, is created to read:

1003.493 Career and professional academies.--

(1) A career and professional academy is a research-based

Page 41 of 107

program that integrates a rigorous academic curriculum with an industry-driven career curriculum. Career and professional academies may be offered by public schools, school districts, or the Florida Virtual School. Students completing career and professional academy programs receive a standard high school diploma, the highest available industry certification, and postsecondary credit if the academy partners with a postsecondary institution.

- (2) The goals of career and professional academies are to:
- (a) Increase student academic achievement and graduation rates through integrated academic and career curricula.
- (b) Focus on career preparation through rigorous academics and industry certification.
- (c) Raise student aspiration and commitment to academic achievement and work ethics.
- (d) Support the revised graduation requirements pursuant to s. 1003.428 by providing creative, applied majors.
- (e) Promote acceleration mechanisms, such as dual enrollment, articulated credit, or occupational completion points, so that students may earn postsecondary credit while in high school.
- (f) Support the state's economy by meeting industry needs for skilled employees in high-demand occupations.
- (3) A career and professional academy may be offered as one of the following small learning communities:
- (a) A school-within-a-school career academy, as part of an existing high school, that provides courses in one occupational cluster. Students in the high school are not required to be students in the academy.

Page 42 of 107

- (b) A total school configuration providing multiple academies each structured around an occupational cluster. Every student in the school is in an academy.
 - (4) Each career and professional academy must:
- (a) Provide a rigorous standards-based academic curriculum integrated with a career curriculum. The curriculum must take into consideration multiple styles of student learning; promote learning by doing through application and adaptation; maximize relevance of the subject matter; enhance each student's capacity to excel; and include an emphasis on work habits and work ethics.
- (b) Include one or more partnerships with postsecondary institutions, businesses, industry, employers, economic development organizations, or other appropriate partners from the local community. Such partnerships must provide opportunities for:
 - 1. Instruction from highly skilled professionals.
 - 2. Internships, externships, and on-the-job training.
 - 3. A postsecondary degree, diploma, or certificate.
- 4. The highest available level of industry certification.
 Where no national or state certification exists, school districts
 may establish a local certification in conjunction with the local
 workforce development board, the chamber of commerce, or the
 Agency for Workforce Innovation.
- 5. Maximum articulation of credits pursuant to s. 1007.23 upon program completion.
- (c) Provide creative and tailored student advisement, including parent participation and coordination with middle schools to provide career exploration and education planning as required under s. 1003.4156. Coordination with middle schools

Page 43 of 107

must provide information to middle school students about secondary and postsecondary career education programs and academies.

- (d) Provide a career education certification on the high school diploma pursuant to s. 1003.431.
- (e) Provide instruction in careers designated as high growth, high demand, and high pay by the local workforce development board, the chamber of commerce, or the Agency for Workforce Innovation.
- (f) Deliver academic content through instruction relevant to the career, including intensive reading and mathematics intervention required by s. 1003.428, with an emphasis on strengthening reading for information skills.
- (g) Provide instruction resulting in competency, certification, or credentials in workplace skills, including, but not limited to, communication skills, interpersonal skills, decisionmaking skills, the importance of attendance and timeliness in the work environment, and work ethics.
- (h) Provide opportunities for students to obtain the Florida Ready to Work Certification pursuant to s. 1004.99.
- (i) Include an evaluation plan developed jointly with the Department of Education. The evaluation plan must include a self-assessment tool based on standards, such as the Career Academy National Standards of Practice, and outcome measures including, but not limited to, graduation rates, enrollment in postsecondary education, business and industry satisfaction, employment and earnings, achievement of industry certification, awards of postsecondary credit, and FCAT achievement levels and learning gains.

Page 44 of 107

Section 25. Section 1003.57, Florida Statutes, is amended to read:

1003.57 Exceptional students instruction. --

- (1) Each district school board shall provide for an appropriate program of special instruction, facilities, and services for exceptional students as prescribed by the State Board of Education as acceptable, including provisions that:
- $\underline{(a)}$ (1) The district school board provide the necessary professional services for diagnosis and evaluation of exceptional students.
- (b)(2) The district school board provide the special instruction, classes, and services, either within the district school system, in cooperation with other district school systems, or through contractual arrangements with approved private schools or community facilities that meet standards established by the commissioner.
- $\underline{\text{(c)}}$ The district school board annually provide information describing the Florida School for the Deaf and the Blind and all other programs and methods of instruction available to the parent of a sensory-impaired student.
- (d) (4) The district school board, once every 3 years, submit to the department its proposed procedures for the provision of special instruction and services for exceptional students.
- $\underline{\text{(e)}}$ $\underline{\text{A}}$ No student $\underline{\text{may not}}$ be given special instruction or services as an exceptional student until after he or she has been properly evaluated, classified, and placed in the manner prescribed by rules of the State Board of Education. The parent of an exceptional student evaluated and placed or denied

Page 45 of 107

placement in a program of special education shall be notified of each such evaluation and placement or denial. Such notice shall contain a statement informing the parent that he or she is entitled to a due process hearing on the identification, evaluation, and placement, or lack thereof. Such hearings shall be exempt from the provisions of ss. 120.569, 120.57, and 286.011, except to the extent that the State Board of Education adopts rules establishing other procedures and any records created as a result of such hearings shall be confidential and exempt from the provisions of s. 119.07(1). The hearing must be conducted by an administrative law judge from the Division of Administrative Hearings of the Department of Management Services. The decision of the administrative law judge shall be final, except that any party aggrieved by the finding and decision rendered by the administrative law judge shall have the right to bring a civil action in the circuit court. In such an action, the court shall receive the records of the administrative hearing and shall hear additional evidence at the request of either party. In the alternative, any party aggrieved by the finding and decision rendered by the administrative law judge shall have the right to request an impartial review of the administrative law judge's order by the district court of appeal as provided by s. 120.68. Notwithstanding any law to the contrary, during the pendency of any proceeding conducted pursuant to this section, unless the district school board and the parents otherwise agree, the student shall remain in his or her then-current educational assignment or, if applying for initial admission to a public school, shall be assigned, with the consent of the parents, in the public school program until all such proceedings have been

(f)(6) In providing for the education of exceptional students, the district school superintendent, principals, and teachers shall utilize the regular school facilities and adapt them to the needs of exceptional students to the maximum extent appropriate. Segregation of exceptional students shall occur only if the nature or severity of the exceptionality is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

- (g) (7) In addition to the services agreed to in a student's individual education plan, the district school superintendent shall fully inform the parent of a student having a physical or developmental disability of all available services that are appropriate for the student's disability. The superintendent shall provide the student's parent with a summary of the student's rights.
- (2) (a) An exceptional student with a disability who resides in a residential facility and receives special instruction or services is considered a resident of the state in which the student's parent is a resident. The cost of such instruction, facilities, and services for a nonresident student with a disability shall be provided by the placing authority in the student's state of residence, such as a public school entity, other placing authority, or parent. A nonresident student with a disability may not be reported by any school district for FTE funding in the Florida Education Finance Program.
- (b) The Department of Education shall provide to each school district a statement of the specific limitations of the district's financial obligation for exceptional students with

Page 47 of 107

disabilities under federal and state law. The department shall also provide to each school district technical assistance as necessary for developing a local plan to impose on a student's home state the fiscal responsibility for educating a nonresident exceptional student with a disability.

- (c) The Department of Education shall develop a process by which a school district must, before providing services to an exceptional student with a disability who resides in a residential facility in this state, review the residency of the student. The residential facility, not the district, is responsible for billing and collecting from a nonresidential student's home state payment for the student's educational and related services.
- (d) This subsection applies to any nonresident student with a disability who resides in a residential facility and who receives instruction as an exceptional student with a disability in any type of residential facility in this state, including, but not limited to, a public school, a private school, a group home facility as defined in s. 393.063, an intensive residential treatment program for children and adolescents as defined in s. 395.002, a facility as defined in s. 394.455, an intermediate care facility for the developmentally disabled or ICF/DD as defined in s. 393.063 or s. 400.960, or a community residential home as defined in s. 419.001.

Section 26. Section 1003.576, Florida Statutes, is created to read:

1003.576 Individual education plans for exceptional students.--The Department of Education shall develop an individual education plan (IEP) form for use in developing and

Page 48 of 107

A++ PCB Final March 7

1360 l

CODING: Words stricken are deletions; words underlined are additions.

implementing individual education plans for exceptional students. The IEP form must be available electronically, include notice of testing accommodations pursuant to s. 1008.22(3), and have a streamlined format. To provide for the use of an existing IEP form when a student transfers from one school district to another, the IEP form developed by the department must be used in each school district in the state.

Section 27. Subsection (3) of section 1003.58, Florida Statutes, is amended to read:

1003.58 Students in residential care facilities.--Each district school board shall provide educational programs according to rules of the State Board of Education to students who reside in residential care facilities operated by the Department of Children and Family Services.

(3) The district school board shall have full and complete authority in the matter of the assignment and placement of such students in educational programs. The parent of an exceptional student shall have the same due process rights as are provided under s. 1003.57(1) (e) (5).

Notwithstanding the provisions herein, the educational program at the Marianna Sunland Center in Jackson County shall be operated by the Department of Education, either directly or through grants or contractual agreements with other public or duly accredited educational agencies approved by the Department of Education.

Section 28. Paragraph (a) of subsection (1) and paragraph (a) of subsection (2) of section 1003.62, Florida Statutes, are amended to read:

1003.62 Academic performance-based charter school districts.—The State Board of Education may enter into a performance contract with district school boards as authorized in this section for the purpose of establishing them as academic performance-based charter school districts. The purpose of this section is to examine a new relationship between the State Board of Education and district school boards that will produce significant improvements in student achievement, while complying with constitutional and statutory requirements assigned to each entity.

- (1) ACADEMIC PERFORMANCE-BASED CHARTER SCHOOL DISTRICT. --
- A school district shall be eligible for designation as an academic performance-based charter school district if it is a high-performing school district in which a minimum of 50 percent of the schools earn a performance grade of category "A" or "B" and in which no school earns a performance grade of category "D" or "F" for 2 consecutive years pursuant to s. 1008.34. Schools that receive a performance grade of category "I" or "N" shall not be included in this calculation. The performance contract for a school district that earns a charter based on school performance grades shall be predicated on maintenance of at least 50 percent of the schools in the school district earning a performance grade of category "A" or "B" with no school in the school district earning a performance grade of category "D" or "F" for 2 consecutive years. A school district in which the number of schools that earn a performance grade of "A" or "B" is less than 50 percent may have its charter renewed for 1 year; however, if the percentage of "A" or "B" schools is less than 50 percent for 2 consecutive years, the charter shall not be renewed.

- 1446 (2) EXEMPTION FROM STATUTES AND RULES.--
 - (a) An academic performance-based charter school district shall operate in accordance with its charter and shall be exempt from certain State Board of Education rules and statutes if the State Board of Education determines such an exemption will assist the district in maintaining or improving its high-performing status pursuant to paragraph (1)(a). However, the State Board of Education may not exempt an academic performance-based charter school district from any of the following statutes:
 - 1. Those statutes pertaining to the provision of services to students with disabilities.
 - 2. Those statutes pertaining to civil rights, including s. 1000.05, relating to discrimination.
 - 3. Those statutes pertaining to student health, safety, and welfare.
 - 4. Those statutes governing the election or compensation of district school board members.
 - 5. Those statutes pertaining to the student assessment program and the school grading system, including chapter 1008.
 - 6. Those statutes pertaining to financial matters, including chapter 1010.
 - 7. Those statutes pertaining to planning and budgeting, including chapter 1011, except that ss. 1011.64 and 1011.69 shall be eligible for exemption.
 - 8. Sections 1012.22(1)(c) and 1012.27(2), relating to performance-pay policies and differentiated pay for school administrators and instructional personnel. Professional service contracts shall be subject to the provisions of ss. 1012.33 and 1012.34.

Page 51 of 107

9. Those statutes pertaining to educational facilities, including chapter 1013, except as specified under contract with the State Board of Education. However, no contractual provision that could have the effect of requiring the appropriation of additional capital outlay funds to the academic performance-based charter school district shall be valid.

Section 29. Section 1004.99, Florida Statutes, is created to read:

- 1004.99 Florida Ready to Work Certification Program. --
- (1) There is created the Florida Ready to Work

 Certification Program to enhance the workplace skills of

 Florida's students to better prepare them for successful entrylevel employment in specific occupations.
- (2) The Florida Ready to Work Certification Program may be conducted in public high schools, community colleges, technical centers, one-stop career centers, vocational rehabilitation centers, and Department of Juvenile Justice educational facilities. The Department of Education shall establish institutional readiness criteria for program implementation.
- (3) The Florida Ready to Work Certification Program shall be composed of:
- (a) A comprehensive identification of workplace skills for each occupation identified for inclusion in the program by the Agency for Workforce Innovation.
- (b) A preinstructional assessment that delineates the student's mastery level on the specific workplace skills identified for that occupation.
- (c) A targeted instructional program limited to those identified workplace skills in which the student is not

Page 52 of 107

proficient as measured by the preinstructional assessment.

Instruction must utilize a web-based program and be customized to
meet identified specific needs of local employers.

- (d) A certificate and portfolio awarded to students upon successful completion of the instruction. Each portfolio must delineate the skills demonstrated by the student as evidence of the student's preparation for employment.
- 1511 (4) The State Board of Education, in consultation with the
 1512 Agency for Workforce Innovation, may adopt rules pursuant to ss.
 1513 120.536(1) and 120.54 to implement the provisions of this
 1514 section.
 - Section 30. Subsection (4) of section 1006.09, Florida Statutes, is amended to read:
- 1517 1006.09 Duties of school principal relating to student 1518 discipline and school safety.--
- 1519 (4) When a student has been the victim of a violent crime
 1520 perpetrated by another student who attends the same school, the
 1521 school principal shall make full and effective use of the
 1522 provisions of subsection (2) and s. 1006.13(5). A school
 1523 principal who fails to comply with this subsection shall be
 1524 ineligible for any portion of the performance-pay performance pay
 1525 policy incentive or the differentiated pay under s.
- 1526 1012.22(1)(c). However, if any party responsible for notification fails to properly notify the school, the school principal shall be eligible for the incentive or differentiated pay.
- Section 31. Paragraph (c) of subsection (3) of section 1530 1007.2615, Florida Statutes, is amended to read:
- 1531 1007.2615 American Sign Language; findings; foreign-1532 language credits authorized; teacher licensing.--

Page 53 of 107

1507 1508

1509

1510

- (3) DUTIES OF COMMISSIONER OF EDUCATION AND STATE BOARD OF EDUCATION; LICENSING OF AMERICAN SIGN LANGUAGE TEACHERS; PLAN FOR POSTSECONDARY EDUCATION PROVIDERS.--
- (c) An ASL teacher must be certified by the Department of Education by <u>July 1, 2009</u> January 1, 2008, and must obtain current certification through the Florida American Sign Language Teachers' Association (FASLTA) by January 1, 2006. New FASLTA certification may be used by current ASL teachers as an alternative certification track.

Section 32. Paragraph (f) of subsection (1), paragraphs (c) and (e) of subsection (3), and subsection (9) of section 1008.22, Florida Statutes, are amended, paragraph (g) is added to subsection (3), subsection (10) is renumbered as subsection (11), and a new subsection (10) is added to that section, to read:

1008.22 Student assessment program for public schools.--

- (1) PURPOSE.--The primary purposes of the student assessment program are to provide information needed to improve the public schools by enhancing the learning gains of all students and to inform parents of the educational progress of their public school children. The program must be designed to:
- (f) Provide information on the performance of Florida students compared with that of other students others across the United States.
- (3) STATEWIDE ASSESSMENT PROGRAM. -- The commissioner shall design and implement a statewide program of educational assessment that provides information for the improvement of the operation and management of the public schools, including schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs. The

Page 54 of 107

commissioner may enter into contracts for the continued administration of the assessment, testing, and evaluation programs authorized and funded by the Legislature. Contracts may be initiated in 1 fiscal year and continue into the next and may be paid from the appropriations of either or both fiscal years. The commissioner is authorized to negotiate for the sale or lease of tests, scoring protocols, test scoring services, and related materials developed pursuant to law. Pursuant to the statewide assessment program, the commissioner shall:

- program known as the Florida Comprehensive Assessment Test (FCAT) as part of the statewide assessment program, to be administered annually in grades 3 through 10 to measure reading, writing, science, and mathematics. Other content areas may be included as directed by the commissioner. The assessment of reading and mathematics shall be administered annually in grades 3 through 10. The assessment of writing and science shall be administered at least once at the elementary, middle, and high school levels. The commissioner must document the procedures that ensure that the versions of the FCAT taken by students retaking the grade 10 FCAT are as equally challenging and difficult as the tests taken by students in grade 10 that contain performance tasks. The testing program must be designed so that:
- 1. The tests measure student skills and competencies adopted by the State Board of Education as specified in paragraph (a). The tests must measure and report student proficiency levels in reading, writing, mathematics, and science. The commissioner shall provide for the tests to be developed or obtained, as appropriate, through contracts and project agreements with

private vendors, public vendors, public agencies, postsecondary educational institutions, or school districts. The commissioner shall obtain input with respect to the design and implementation of the testing program from state educators and the public.

- 2. The testing program will include a combination of norm-referenced and criterion-referenced tests and include, to the extent determined by the commissioner, questions that require the student to produce information or perform tasks in such a way that the skills and competencies he or she uses can be measured.
- 3. Each testing program, whether at the elementary, middle, or high school level, includes a test of writing in which students are required to produce writings that are then scored by appropriate methods.
- 4. A score is designated for each subject area tested, below which score a student's performance is deemed inadequate. The school districts shall provide appropriate remedial instruction to students who score below these levels.
- 5. Except as provided in s. 1003.43(11)(b), students must earn a passing score on the grade 10 assessment test described in this paragraph or attain concordant scores on an alternate assessment as described in subsection (9) in reading, writing, and mathematics to qualify for a regular high school diploma. The State Board of Education shall designate a passing score for each part of the grade 10 assessment test. In establishing passing scores, the state board shall consider any possible negative impact of the test on minority students. All students who took the grade 10 FCAT during the 2000-2001 school year shall be required to earn the passing scores in reading and mathematics established by the State Board of Education for the March 2001

test administration. Such students who did not earn the established passing scores and must repeat the grade 10 FCAT are required to earn the passing scores established for the March 2001 test administration. All students who take the grade 10 FCAT for the first time in March 2002 shall be required to earn the passing scores in reading and mathematics established by the State Board of Education for the March 2002 test administration. The State Board of Education shall adopt rules which specify the passing scores for the grade 10 FCAT. Any such rules, which have the effect of raising the required passing scores, shall only apply to students taking the grade 10 FCAT for the first time after such rules are adopted by the State Board of Education.

Participation in the testing program is mandatory for all students attending public school, including students served in Department of Juvenile Justice programs, except as otherwise prescribed by the commissioner. If a student does not participate in the statewide assessment, the district must notify the student's parent and provide the parent with information regarding the implications of such nonparticipation. If modifications are made in the student's instruction to provide accommodations that would not be permitted on the statewide assessment tests, the district must notify the student's parent of the implications of such instructional modifications. A parent must provide signed consent for a student to receive instructional modifications that would not be permitted on the statewide assessments and must acknowledge in writing that he or she understands the implications of such accommodations. The State Board of Education shall adopt rules, based upon recommendations of the commissioner, for the provision of test

accommodations and modifications of procedures as necessary for students in exceptional education programs and for students who have limited English proficiency. Accommodations that negate the validity of a statewide assessment are not allowable.

- 7. A student seeking an adult high school diploma must meet the same testing requirements that a regular high school student must meet.
- 8. District school boards must provide instruction to prepare students to demonstrate proficiency in the skills and competencies necessary for successful grade-to-grade progression and high school graduation. If a student is provided with accommodations or modifications that are not allowable in the statewide assessment program, as described in the test manuals, the district must inform the parent in writing and must provide the parent with information regarding the impact on the student's ability to meet expected proficiency levels in reading, writing, and math. The commissioner shall conduct studies as necessary to verify that the required skills and competencies are part of the district instructional programs.
- 9. District school boards must provide opportunities for students to demonstrate an acceptable level of performance on an alternative standardized assessment approved by the State Board of Education following enrollment in summer academies.
- 10.9. The Department of Education must develop, or select, and implement a common battery of assessment tools that will be used in all juvenile justice programs in the state. These tools must accurately measure the skills and competencies established in the Florida Sunshine State Standards.

Page 58 of 107

The commissioner may design and implement student testing programs, for any grade level and subject area, necessary to effectively monitor educational achievement in the state.

- (e) Conduct ongoing research and analysis of student achievement data, including, without limitation, monitoring trends in student achievement by grade level and overall student achievement, identifying school programs that are successful, and analyzing correlates of school achievement.
- (g) Study the cost and student achievement impact of secondary end-of-course assessments, including web-based and performance formats, and report to the Legislature prior to implementation.
- (9) <u>CONCORDANT SCORES FOR THE FCAT</u> EQUIVALENCIES FOR STANDARDIZED TESTS.--
- (a) The State Board of Education shall analyze the content and concordant data sets for widely used high school achievement tests, including, but not limited to, the PSAT, PLAN, SAT, ACT, and College Placement Test, to assess if concordant scores can be determined that correspond to those required on the FCAT for high school graduation. In cases where concordant scores can be determined, the Commissioner of Education shall adopt those scores as meeting the graduation requirement in lieu of achieving the FCAT passing score. Each time that test content or scoring procedures are changed for either the FCAT or one of the identified tests, new concordant scores must be determined. The use of concordant scores shall take effect for students who are eligible to graduate beginning in the 2003-2004 academic year and thereafter. The Commissioner of Education shall approve the use

of the SAT and ACT tests as alternative assessments to the grade 10 FCAT for the 2003-2004 school year.

- (b) Students who attain concordant scores pursuant to this subsection on the SAT or ACT which equate to the passing scores on the grade 10 FCAT for purposes of high school graduation shall satisfy the assessment requirement for a standard high school diploma as provided in s. 1003.429(6)(a) or s. 1003.43(5)(a) for the 2003-2004 school year if the students meet the requirement in paragraph (c) (b).
- (c) (b) A student shall be required to take <u>each subject</u> area of the grade 10 FCAT a total of three times without earning a passing score in order to use the <u>concordant subject area</u> scores on an alternative assessment pursuant to <u>this subsection</u> paragraph (a). This requirement shall not apply to a <u>new student who enters the Florida is a new student to the public school system in grade 12, who may either take the FCAT or use approved concordant scores to fulfill the graduation requirement.</u>
- (10) REPORTS.--The Department of Education shall annually provide a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives on the following:
- (a) Longitudinal performance of students in mathematics and reading.
- (b) Longitudinal performance of students by grade level in mathematics and reading.
- (c) Longitudinal performance regarding efforts to close the achievement gap.
- (d) Longitudinal performance of students on the norm-referenced component of the FCAT.
 - (e) Other student performance data based on national norm-

Page 60 of 107

BILL YEAR

referenced and criterion-referenced tests, when available, and numbers of students who after 8th grade enroll in adult education rather than other secondary education.

Section 33. <u>Section 1008.221, Florida Statutes, is</u> repealed.

Section 34. Paragraph (b) of subsection (4) and paragraph (b) of subsection (8) of section 1008.25, Florida Statutes, are amended, and paragraph (c) is added to subsection (8) of that section, to read:

1008.25 Public school student progression; remedial instruction; reporting requirements.--

- (4) ASSESSMENT AND REMEDIATION. --
- The school in which the student is enrolled must develop, in consultation with the student's parent, and must implement an academic improvement plan designed to assist the student in meeting state and district expectations for proficiency. For a student for whom a personalized middle school success plan is required pursuant to s. 1003.415, the middle school success plan must be incorporated in the student's academic improvement plan. Beginning with the 2002-2003 school year, if the student has been identified as having a deficiency in reading, the academic improvement plan shall identify the student's specific areas of deficiency in phonemic awareness, phonics, fluency, comprehension, and vocabulary; the desired levels of performance in these areas; and the instructional and support services to be provided to meet the desired levels of performance. Schools shall also provide for the frequent monitoring of the student's progress in meeting the desired levels of performance. District school boards may require low-

performing students to attend remediation programs held before or after regular school hours or during the summer, upon the request of the school principal, and shall assist schools and teachers to implement research-based reading activities that have been shown to be successful in teaching reading to low-performing students. Remedial instruction provided during high school may not be in lieu of English and mathematics credits required for graduation.

(8) ANNUAL REPORT.--

- (b) Beginning with the 2001-2002 school year, Each district school board must annually publish in the local newspaper, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:
- 1. The provisions of this section relating to public school student progression and the district school board's policies and procedures on student retention and promotion.
- 2. By grade, the number and percentage of all students in grades 3 through 10 performing at Levels 1 and 2 on the reading portion of the FCAT.
- 3. By grade, the number and percentage of all students retained in grades 3 through 10.
- 4. Information on the total number of students who were promoted for good cause, by each category of good cause as specified in paragraph (6)(b).
- 5. Any revisions to the district school board's policy on student retention and promotion from the prior year.
- (c) The Department of Education shall establish a uniform format for school districts to report the information required in paragraph (b). The format shall be developed with input from district school boards and shall be provided not later than 90

Page 62 of 107

days prior to the annual due date. The department shall annually compile the information required in subparagraphs (b)2., 3., and 4., along with state-level summary information, and report such information to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

Section 35. <u>Section 1008.301, Florida Statutes, is</u> repealed.

Section 36. Paragraphs (d) and (e) of subsection (1), paragraphs (b) and (c) of subsection (2), and subsection (3) of section 1008.31, Florida Statutes, are amended, and subsection (4) is added to that section, to read:

1008.31 Florida's K-20 education performance accountability system; legislative intent; performance based funding; mission, goals, and systemwide measures; data quality improvements.--

- (1) LEGISLATIVE INTENT.--It is the intent of the Legislature that:
- (d) The State Board of Education and the Board of Governors of the State University System recommend to the Legislature systemwide performance standards; the Legislature establish systemwide performance measures and standards; and the systemwide measures and standards provide Floridians with information on what the public is receiving in return for the funds it invests in education and how well the K-20 system educates its students.
- (e) 1. The State Board of Education establish performance measures and set performance standards for individual components of the public education system, including individual schools and community colleges postsecondary educational institutions, with measures and standards based primarily on student achievement.

- 2. The Board of Governors of the State University System establish performance measures and set performance standards for individual state universities.
 - (2) MISSION, GOALS, AND SYSTEMWIDE MEASURES. --
- (b) The <u>process</u> State Board of Education shall adopt guiding principles for establishing state and sector-specific standards and measures must be:
 - 1. Focused on student success.
 - 2. Addressable through policy and program changes.
 - 3. Efficient and of high quality.
 - 4. Measurable over time.
 - 5. Simple to explain and display to the public.
- 6. Aligned with other measures and other sectors to support a coordinated K-20 education system.
- (c) The <u>Department</u> State Board of Education shall maintain an accountability system that measures student progress toward the following goals:
- 1. Highest student achievement, as <u>indicated by evidence of student learning gains at all levels measured by: student FCAT performance and annual learning gains; the number and percentage of schools that improve at least one school performance grade designation or maintain a school performance grade designation of "A" pursuant to s. 1008.34; graduation or completion rates at all learning levels; and other measures identified in law or rule.</u>
- 2. Seamless articulation and maximum access, as measured by evidence of progression, readiness, and access by targeted groups of students identified by the Commissioner of Education: the percentage of students who demonstrate readiness for the educational level they are entering, from kindergarten through

Page 64 of 107

CODING: Words stricken are deletions; words underlined are additions.

postsecondary education and into the workforce; the number and percentage of students needing remediation; the percentage of Floridians who complete associate, baccalaureate, graduate, professional, and postgraduate degrees; the number and percentage of credits that articulate; the extent to which each set of exit point requirements matches the next set of entrance-point requirements; the degree to which underserved populations access educational opportunity; the extent to which access is provided through innovative educational delivery strategies; and other measures identified in law or rule.

- 3. Skilled workforce and economic development, as measured by evidence of employment and earnings: the number and percentage of graduates employed in their areas of preparation; the percentage of Floridians with high school diplomas and postsecondary education credentials; the percentage of business and community members who find that Florida's graduates possess the skills they need; national rankings; and other measures identified in law or rule.
- 4. Quality efficient services, as measured by evidence of return on investment: cost per completer or graduate; average cost per noncompleter at each educational level; cost disparity across institutions offering the same degrees; the percentage of education customers at each educational level who are satisfied with the education provided; and other measures identified in law or rule.
 - 5. Other goals as identified by law or rule.
- (3) <u>K-20 EDUCATION DATA QUALITY IMPROVEMENTS</u> SYSTEMWIDE

 DATA COLLECTION. -- To provide data required to implement education performance accountability measures in state and federal law, the

Commissioner of Education shall initiate and maintain strategies to improve data quality and timeliness. All data collected from state universities shall, as determined by the commissioner, be integrated into the K-20 data warehouse. The commissioner shall have unlimited access to such data solely for the purposes of conducting studies, reporting annual and longitudinal student outcomes, and improving college readiness and articulation. All public educational institutions shall provide data to the K-20 data warehouse in a format specified by the commissioner.

- (a) School districts and public postsecondary educational institutions shall maintain information systems that will provide the State Board of Education, the Board of Governors of the State University System, and the Legislature with information and reports necessary to address the specifications of the accountability system. The State Board of Education shall determine the standards for the required data. The level of comprehensiveness and quality shall be no less than that which was available as of June 30, 2001.
- (b) The Commissioner of Education shall determine the standards for the required data, monitor data quality, and measure improvements. The commissioner shall report annually to the State Board of Education, the Board of Governors of the State University System, the President of the Senate, and the Speaker of the House of Representatives data quality indicators and ratings for all school districts and public postsecondary educational institutions.
- (c) Before establishing any new reporting or data collection requirements, the Commissioner of Education shall

utilize existing data being collected to reduce duplication and minimize paperwork.

(4) RULES.--The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section relating to the K-20 data warehouse.

Section 37. Subsections (1), (2), and (4) of section 1008.33, Florida Statutes, are amended to read:

1008.33 Authority to enforce public school improvement.——It is the intent of the Legislature that all public schools be held accountable for students performing at acceptable levels. A system of school improvement and accountability that assesses student performance by school, identifies schools in which students are not making adequate progress toward state standards, institutes appropriate measures for enforcing improvement, and provides rewards and sanctions based on performance shall be the responsibility of the State Board of Education.

(1) Pursuant to Art. IX of the State Constitution prescribing the duty of the State Board of Education to supervise Florida's public school system and notwithstanding any other statutory provisions to the contrary, the State Board of Education shall intervene in the operation of a district school system when one or more schools in the school district have failed to make adequate progress for 2 school years in a 4-year period. For purposes of determining when a school is eligible for state board action and opportunity scholarships for its students, the terms "2 years in any 4-year period" and "2 years in a 4-year period" mean that in any year that a school has a grade of "F," the school is eligible for state board action and opportunity scholarships for its students if it also has had a grade of "F"

in any of the previous 3 school years. The State Board of Education may determine that the school district or school has not taken steps sufficient for students in the school to be academically well served. Considering recommendations of the Commissioner of Education, the State Board of Education shall recommend action to a district school board intended to improve educational services to students in each school that is designated with a as performance grade of category "F." Recommendations for actions to be taken in the school district shall be made only after thorough consideration of the unique characteristics of a school, which shall include student mobility rates, the number and type of exceptional students enrolled in the school, and the availability of options for improved educational services. The state board shall adopt by rule steps to follow in this process. Such steps shall provide school districts sufficient time to improve student performance in schools and the opportunity to present evidence of assistance and interventions that the district school board has implemented.

- (2) The State Board of Education may recommend one or more of the following actions to district school boards to enable students in schools designated with a as performance grade of category "F" to be academically well served by the public school system:
- (a) Provide additional resources, change certain practices, and provide additional assistance if the state board determines the causes of inadequate progress to be related to school district policy or practice;
- (b) Implement a plan that satisfactorily resolves the education equity problems in the school;

- (c) Contract for the educational services of the school, or reorganize the school at the end of the school year under a new school principal who is authorized to hire new staff and implement a plan that addresses the causes of inadequate progress;
- (d) Authorize the school principal to recommend corrective actions for low-performing faculty and staff as necessary to improve educational opportunities and the performance of students;
- $\underline{\text{(e)}}$ (d) Allow parents of students in the school to send their children to another district school of their choice; or
- (f)(e) Other action appropriate to improve the school's performance, including, if the school is a high school, requiring annual publication of the school's graduation rate calculated without GEDs for the past 3 years, disaggregated by student ethnicity.
- (4) The State Board of Education may require the Department of Education or Chief Financial Officer to withhold any transfer of state funds to the school district if, within the timeframe specified in state board action, the school district has failed to comply with the action ordered to improve the district's low-performing schools. Withholding the transfer of funds shall occur only after all other recommended actions for school improvement have failed to improve performance. The State Board of Education may impose the same penalty on any district school board that fails to develop and implement a plan for assistance and intervention for low-performing schools as specified in s. 1001.42(16)(d)(c).

Section 38. Section 1008.34, Florida Statutes, is amended to read:

1008.34 School grading system; school report cards; district performance grade.--

- (1) ANNUAL REPORTS. -- The Commissioner of Education shall prepare annual reports of the results of the statewide assessment program which describe student achievement in the state, each district, and each school. The commissioner shall prescribe the design and content of these reports, which must include, without limitation, descriptions of the performance of all schools participating in the assessment program and all of their major student populations as determined by the Commissioner of Education, and must also include the median scores of all eligible students who scored at or in the lowest 25th percentile of the state in the previous school year; provided, however, that the provisions of s. 1002.22 pertaining to student records apply to this section.
- (2) SCHOOL <u>GRADES</u> <u>PERFORMANCE GRADE CATEGORIES</u>. -- The annual report shall identify schools as <u>having one of the following</u> <u>grades</u> <u>being in one of the following grade categories</u> defined according to rules of the State Board of Education:
 - (a) "A," schools making excellent progress.
 - (b) "B," schools making above average progress.
 - (c) "C," schools making satisfactory progress.
 - (d) "D," schools making less than satisfactory progress.
 - (e) "F," schools failing to make adequate progress.

Each school designated with a in performance grade of category
"A," making excellent progress, or having improved at least two

Page 70 of 107

A++ PCB Final March 7

CODING: Words stricken are deletions; words underlined are additions.

performance grade <u>levels</u> categories, shall have greater authority over the allocation of the school's total budget generated from the FEFP, state categoricals, lottery funds, grants, and local funds, as specified in state board rule. The rule must provide that the increased budget authority shall remain in effect until the school's performance grade declines.

- (3) DESIGNATION OF SCHOOL GRADES PERFORMANCE GRADE

 CATEGORIES. -- School grades performance grade category

 designations itemized in subsection (2) shall be based on the following:
- (a) <u>Criteria</u> Timeframes.--A school's grade shall be based on a combination of:
- 1. Student achievement scores School performance grade category designations shall be based on the school's current year performance and the school's annual learning gains.
- 2. A school's performance grade category designation shall be based on a combination of student achievement scores, Student learning gains as measured by annual FCAT assessments in grades 3 through 10., and
- 3. Improvement of the lowest 25th percentile of students in the school in reading, math, or writing on the FCAT Reading, unless these students are exhibiting performing above satisfactory performance.
- (b) Student assessment data.—Student assessment data used in determining school grades performance grade categories shall include:
- 2048 1. The aggregate scores of all eligible students enrolled 2049 in the school who have been assessed on the FCAT.

2. The aggregate scores of all eligible students enrolled in the school who have been assessed on the FCAT, including Florida Writes, and who have scored at or in the lowest 25th percentile of students in the school in reading, math, or writing, unless these students are exhibiting performing above satisfactory performance.

2050l

- The Department of Education shall study the effects of mobility on the performance of highly mobile students and recommend programs to improve the performance of such students. The State Board of Education shall adopt appropriate criteria for each school performance grade category. The criteria must also give added weight to student achievement in reading. Schools designated with a as performance grade of category "C," making satisfactory progress, shall be required to demonstrate that adequate progress has been made by students in the school who are in the lowest 25th percentile in reading, math, or writing on the FCAT, including Florida Writes, unless these students are exhibiting performing above satisfactory performance.
- (4) SCHOOL GRADING FOR ALTERNATIVE SCHOOLS.--Alternative schools providing dropout prevention and academic intervention services may choose to receive a school grade pursuant to subsections (2) and (3) or an improvement rating pursuant to s. 1008.341 according to the following requirements:
- (a) If an alternative school chooses to be graded pursuant to this section, student performance data as identified in subsection (3) shall not be included in the home school's grade but shall only be included in calculation of the alternative school's grade unless the Commissioner of Education requires that

Page 72 of 107

A++ PCB Final March 7

CODING: Words stricken are deletions; words underlined are additions.

the alternative school's student assessment data must be included in the home school's grade based on a finding of collusion to avoid the state's accountability system.

(b) If an alternative school chooses to receive an improvement rating pursuant to s. 1008.341, student performance data as identified in subsection (3) shall be included in the home school's grade, except for achievement scores and learning gains of students attending alternative schools who are subject to district school board policies for expulsion for repeated or serious offenses, in dropout retrieval programs serving students officially designated as dropouts, or in Department of Juvenile Justice operated and contracted programs.

For purposes of this section and s. 1008.341, "home school" means the school the student was attending when assigned to an alternative school or the school to which the student would be assigned if the student left the alternative school. School districts must require collaboration between the home school and the alternative school to promote student success.

- (5)(4) SCHOOL IMPROVEMENT RATINGS.—The annual report shall identify each school's performance as having improved, remained the same, or declined. This school improvement rating shall be based on a comparison of the current year's and previous year's student and school performance data. Schools that improve at least one performance grade <u>level</u> category are eligible for school recognition awards pursuant to s. 1008.36.
- (6)(5) SCHOOL REPORT CARD PERFORMANCE GRADE CATEGORY AND IMPROVEMENT RATING REPORTS. -- The Department of Education shall annually develop, in collaboration with the district school

Page 73 of 107

boards, a school report card to be delivered to parents
throughout each school district. The report card shall include
the school's grade, information regarding school improvement, an
explanation of school performance as evaluated by the federal No
Child Left Behind Act of 2001, and indicators of return on
investment. School performance grade category designations and
improvement ratings shall apply to each school's performance for
the year in which performance is measured. Each school's report
card designation and rating shall be published annually by the
department on its website, of Education and the school district
shall provide the school report card to each parent. Parents
shall be entitled to an easy to read report card about the
designation and rating of the school in which their child is
enrolled.

- (7) PERFORMANCE-BASED FUNDING. -- The Legislature may factor in the performance of schools in calculating any performance-based funding policy that is provided for annually in the General Appropriations Act.
- (8) DISTRICT PERFORMANCE GRADE. -- The annual report required by subsection (1) shall include district performance grades, which shall consist of weighted district average grades, by level, for all elementary schools, middle schools, and high schools in the district. A district's weighted average grade shall be calculated by weighting individual school grades determined pursuant to subsection (2) by school enrollment.
- (9) (6) RULES.--The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section.
 - Section 39. Section 1008.341, Florida Statutes, is created

2137 to read:

2138 1008.341 School improvement rating for alternative schools.--

- (1) ANNUAL REPORTS.--The Commissioner of Education shall prepare an annual report on the performance of each school receiving a school improvement rating pursuant to this section provided that the provisions of s. 1002.22 pertaining to student records shall apply.
- (2) SCHOOL IMPROVEMENT RATING. -- Alternative schools that provide dropout prevention and academic intervention services may choose to receive a school improvement rating pursuant to this section in lieu of a school grade pursuant to s. 1008.34. The school improvement rating shall identify schools as having one of the following ratings defined according to rules of the State Board of Education:
- (a) "Improving," schools with students making more academic progress than when the students were served in their home schools.
- (b) "Maintaining," schools with students making progress equivalent to the progress made when the students were served in their home schools.
- (c) "Declining," schools with students making less academic progress than when the students were served in their home schools.

The school improvement rating shall be based on a comparison of
the current year and previous year student performance data.

Schools that improve at least one level or maintain an

"improving" rating pursuant to this section are eligible for

Page 75 of 107

A++ PCB Final March 7

CODING: Words stricken are deletions; words underlined are additions.

school recognition awards pursuant to s. 1008.36.

- (3) DESIGNATION OF SCHOOL IMPROVEMENT RATING. -- Student data used in determining an alternative school's school improvement rating shall include:
- (a) The aggregate scores of all students who were assigned to and enrolled in the school during the October or February FTE count, who have been assessed on the FCAT, and who have FCAT or comparable scores for the preceding school year.
- (b) The aggregate scores of all students who were assigned to and enrolled in the school during the October or February FTE count, who have been assessed on the FCAT, including Florida Writes, and who have scored in the lowest 25th percentile of students in the state on FCAT Reading.
- (4) IDENTIFICATION OF STUDENT LEARNING GAINS.--For each alternative school receiving a school improvement rating, the Department of Education shall annually identify the percentage of students making learning gains as compared to the percentage of the same students making learning gains in their home schools in the year prior to being assigned to the alternative school.
- (5) SCHOOL REPORT CARD. -- The Department of Education shall annually develop, in collaboration with the school districts, a school report card for alternative schools to be delivered to parents throughout each school district. The report card shall include the school improvement rating, identification of student learning gains, information regarding school improvement, an explanation of school performance as evaluated by the federal No Child Left Behind Act of 2001, and indicators of return on investment.
 - (6) RULES. -- The State Board of Education may adopt rules

Page 76 of 107

pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section.

Section 40. Subsection (5), paragraphs (b) and (d) of subsection (6), and subsection (7) of section 1008.345, Florida Statutes, are amended to read:

1008.345 Implementation of state system of school improvement and education accountability.--

(5) The commissioner shall report to the Legislature and recommend changes in state policy necessary to foster school improvement and education accountability. Included in the report shall be a list of the schools, including schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, for which district school boards have developed assistance and intervention plans and an analysis of the various strategies used by the school boards. School reports shall be distributed pursuant to this subsection and s. 1001.42(16)(f)(e) and according to rules adopted by the State Board of Education.

(6)

(b) Upon request, the department shall provide technical assistance and training to any school, including any school operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, school advisory council, district, or district school board for conducting needs assessments, developing and implementing school improvement plans, developing and implementing assistance and intervention plans, or implementing other components of school improvement and accountability. Priority for these services shall be given to schools designated with a as performance grade of category "D" or

Page 77 of 107

CODING: Words stricken are deletions; words underlined are additions.

"F" and school districts in rural and sparsely populated areas of the state.

- (d) 1. The commissioner department shall assign a community assessment team to each school district with a school designated with a as performance grade of category "D" or "F" to review the school performance data, including, for a high school graded "D" or "F," the school's graduation rate calculated without GEDs for the past 3 years, disaggregated by student ethnicity, and determine causes for the low performance. The team shall make recommendations to the school board, to the department, and to the State Board of Education for implementing an assistance and intervention plan that will address the causes of the school's low performance. The assessment team shall include, but not be limited to, a department representative, parents, business representatives, educators, and community activists, and shall represent the demographics of the community from which they are appointed.
- 2. Each school district that has a school designated with a grade of "F" for a second consecutive year after the community assessment team's recommendations to the school board for implementing an assistance and intervention plan shall be subject to review and oversight by the Governor and the Commissioner of Education as a school district in a state of educational emergency.
- 3. For each school district in a state of educational emergency, the Governor and the Commissioner of Education shall contact the district school board to determine what actions have been taken by the district school board to address the recommendations of the community assessment team and to resolve

2231 2232

the educational emergency. The Governor and the Commissioner of Education shall determine whether the district school board needs state assistance to resolve the educational emergency. If state assistance is needed, the Governor and the Commissioner of Education have the authority to implement measures as set forth in this subparagraph to assist the district school board in resolving the educational emergency. Such measures may include, but are not limited to:

- a. Requiring approval of the school district's budget by the Governor and the Commissioner of Education.
- <u>b. Authorizing a state loan and providing for its repayment</u> by the district school board.
- c. Requiring the district school board to reallocate funds as necessary until such time as the school district is no longer in a state of educational emergency.
- d. Making inspections and reviews of records, information, reports, and assets of the school district. The appropriate school district officials shall cooperate in such inspections and reviews.
- e. Consulting with officials and auditors of the school district and the appropriate state officials regarding any steps necessary to bring the books of account, accounting systems, financial procedures, personnel, and personnel systems into compliance with state requirements.
- f. Providing technical assistance to the district school board.
- g. Establishing an educational emergency board to oversee the activities of the district school board. If an educational emergency board is established, the Governor and Commissioner of

Page 79 of 107

Education shall appoint board members and select a chair. The school district's community assessment team shall serve in an advisory capacity to the educational emergency board. The educational emergency board shall adopt such rules as are necessary for conducting board business. The board may review all of the educational operations, including, but not limited to, graduation and dropout rates, personnel, management, efficiency, curriculum, instructional materials, productivity, and financing of functions and operations, of the school district. The recommendations and reports made by the educational emergency board must be submitted to the Governor, the Commissioner of Education, and the State Board of Education for appropriate action. Upon receipt of the educational emergency board's recommendations and report, the Governor, the Commissioner of Education, and the State Board of Education shall require an action plan to implement the educational emergency board's recommendations, to be prepared by officials of the school district in consultation with the appropriate state officials, so as to cause the school district to no longer be in a state of educational emergency.

- 4. The Governor and the Commissioner of Education may terminate all state actions pursuant to this paragraph upon determination that the school district is no longer in a state of educational emergency and has successfully established and is operating an effective educational system for all students in the district.
- (7) (a) Schools designated with a in performance grade of category "A," making excellent progress, shall, if requested by

2310 the school, be given deregulated status as specified in s. 2311 1003.63(5), (7), (8), (9), and (10).

- (b) Schools that have improved at least two <u>grades</u> performance grade categories and that meet the criteria of the Florida School Recognition Program pursuant to s. 1008.36 may be given deregulated status as specified in s. 1003.63(5), (7), (8), (9), and (10).
- Section 41. Subsections (3), (4), and (5) of section 1008.36, Florida Statutes, are amended to read:
 - 1008.36 Florida School Recognition Program. --
- (3) All public schools, including charter schools, that receive a school grade pursuant to s. 1008.34 or a school improvement rating pursuant to s. 1008.341 are eligible to participate in the program.
- depending on the availability of funds appropriated and the number and size of schools selected to receive an award. Funds must be distributed to the school's fiscal agent and placed in the school's account and must be used for purposes listed in subsection (5) as determined by the staff and school advisory council pursuant to s. 1001.452 in the annual school improvement plan required under s. 1001.42(16)(a). If such a determination is not included in the school improvement plan at the time of its annual approval by the district school board, the school shall not be eliqible to receive a financial award jointly by the school's staff and school advisory council. If school staff and the school advisory council cannot reach agreement by November 1, the awards must be equally distributed to all classroom teachers currently teaching in the school.

Page 81 of 107

CODING: Words stricken are deletions; words underlined are additions.

- (5) School recognition awards must be used for the following:
- (a) Nonrecurring bonuses to the faculty and staff who worked at the school during the year of improved performance and additional employees as determined in the school improvement plan;
- (b) Nonrecurring expenditures for educational equipment, or materials, or student incentives to assist in maintaining and improving student performance; or
- (c) Temporary personnel for the school to assist in maintaining and improving student performance.

Notwithstanding statutory provisions to the contrary, incentive awards are not subject to collective bargaining.

Section 42. Paragraphs (f), (h), (l), (m), and (n) of subsection (1) and paragraphs (a) and (b) of subsection (4) of section 1011.62, Florida Statutes, are amended, subsections (8) and (9) are renumbered as subsections (9) and (10), respectively, and amended, and a new subsection (8) is added to that section, to read:

- 1011.62 Funds for operation of schools.——If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:
- (1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION. -- The following procedure shall be followed in determining the annual allocation to each district for operation:
 - (f) Supplemental academic instruction; categorical fund. --

Page 82 of 107

- 1. There is created a categorical fund to provide supplemental academic instruction to students in kindergarten through grade 12. This paragraph may be cited as the "Supplemental Academic Instruction Categorical Fund."
- Categorical funds for supplemental academic instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. These funds shall be in addition to the funds appropriated on the basis of FTE student membership in the Florida Education Finance Program and shall be included in the total potential funds of each district. These funds shall be used to provide supplemental academic instruction to students enrolled in the K-12 program. Supplemental instruction strategies may include, but are not limited to: modified curriculum, reading instruction, after-school instruction, tutoring, mentoring, class size reduction, extended school year, intensive skills development in summer school, and other methods for improving student achievement. Supplemental instruction may be provided to a student in any manner and at any time during or beyond the regular 180-day term identified by the school as being the most effective and efficient way to best help that student progress from grade to grade and to graduate.
- 3. Effective with the 1999-2000 fiscal year, funding on the basis of FTE membership beyond the 180-day regular term shall be provided in the FEFP only for students enrolled in juvenile justice education programs or in an education program for juveniles under s. 985.223. Funding for instruction beyond the regular 180-day school year for all other K-12 students shall be provided through the supplemental academic instruction categorical fund and other state, federal, and local fund sources

with ample flexibility for schools to provide supplemental instruction to assist students in progressing from grade to grade and graduating.

- 4. The Florida State University School, as a lab school, is authorized to expend from its FEFP or Lottery Enhancement Trust Fund allocation the cost to the student of remediation in reading, writing, or mathematics for any graduate who requires remediation at a postsecondary educational institution.
- 5. Beginning in the 1999-2000 school year, dropout prevention programs as defined in ss. 1003.52, 1003.53(1)(a), (b), and (c), and 1003.54 shall be included in group 1 programs under subparagraph (d)3.
- (h) Small, isolated high schools.—Districts which levy the maximum nonvoted discretionary millage, exclusive of millage for capital outlay purposes levied pursuant to s. 1011.71(2), may calculate full-time equivalent students for small, isolated high schools by multiplying the number of unweighted full-time equivalent students times 2.75; provided the school has attained a state accountability performance grade category of "C" or better, pursuant to s. 1008.34, for the previous school year. For the purpose of this section, the term "small, isolated high school" means any high school which is located no less than 28 miles by the shortest route from another high school; which has been serving students primarily in basic studies provided by subsubparagraphs (c)1.b. and c. and may include subparagraph (c)4.; and which has a membership of no more than 100 students, but no fewer than 28 students, in grades 9 through 12.
- (1) Calculation of additional full-time equivalent membership based on international baccalaureate examination

Page 84 of 107

scores of students.--A value of 0.24 full-time equivalent student membership shall be calculated for each student enrolled in an international baccalaureate course who receives a score of 4 or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an international baccalaureate diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. The school district shall distribute to each classroom teacher who provided international baccalaureate instruction:

- 1. A bonus in the amount of \$50 for each student taught by the International Baccalaureate teacher in each international baccalaureate course who receives a score of 4 or higher on the international baccalaureate examination.
- 2. An additional bonus of \$500 to each International Baccalaureate teacher in a school designated with a performance grade of category "D" or "F" who has at least one student scoring 4 or higher on the international baccalaureate examination, regardless of the number of classes taught or of the number of students scoring a 4 or higher on the international baccalaureate examination.

Bonuses awarded to a teacher according to this paragraph shall not exceed \$2,000 in any given school year and shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

(m) Calculation of additional full-time equivalent membership based on Advanced International Certificate of

Page 85 of 107

Education examination scores of students .-- A value of 0.24 fulltime equivalent student membership shall be calculated for each student enrolled in a full-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.12 full-time equivalent student membership shall be calculated for each student enrolled in a half-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an Advanced International Certificate of Education diploma. Such value shall be added to the total fulltime equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. The school district shall distribute to each classroom teacher who provided Advanced International Certificate of Education instruction:

- 1. A bonus in the amount of \$50 for each student taught by the Advanced International Certificate of Education teacher in each full-credit Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination. A bonus in the amount of \$25 for each student taught by the Advanced International Certificate of Education teacher in each half-credit Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination.
- 2. An additional bonus of \$500 to each Advanced International Certificate of Education teacher in a school designated with a performance grade of category "D" or "F" who

has at least one student scoring E or higher on the full-credit Advanced International Certificate of Education examination, regardless of the number of classes taught or of the number of students scoring an E or higher on the full-credit Advanced International Certificate of Education examination.

- 3. Additional bonuses of \$250 each to teachers of half-credit Advanced International Certificate of Education classes in a school designated with a performance grade of category "D" or "F" which has at least one student scoring an E or higher on the half-credit Advanced International Certificate of Education examination in that class. The maximum additional bonus for a teacher awarded in accordance with this subparagraph shall not exceed \$500 in any given school year. Teachers receiving an award under subparagraph 2. are not eligible for a bonus under this subparagraph.
- Bonuses awarded to a teacher according to this paragraph shall not exceed \$2,000 in any given school year and shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.
- (n) Calculation of additional full-time equivalent membership based on college board advanced placement scores of students.—A value of 0.24 full-time equivalent student membership shall be calculated for each student in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination for the prior year and added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each district must allocate at least 80 percent of the

funds provided to the district for advanced placement instruction, in accordance with this paragraph, to the high school that generates the funds. The school district shall distribute to each classroom teacher who provided advanced placement instruction:

- 1. A bonus in the amount of \$50 for each student taught by the Advanced Placement teacher in each advanced placement course who receives a score of 3 or higher on the College Board Advanced Placement Examination.
- 2. An additional bonus of \$500 to each Advanced Placement teacher in a school designated with a performance grade of category "D" or "F" who has at least one student scoring 3 or higher on the College Board Advanced Placement Examination, regardless of the number of classes taught or of the number of students scoring a 3 or higher on the College Board Advanced Placement Examination.

Bonuses awarded to a teacher according to this paragraph shall not exceed \$2,000 in any given school year and shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

- (4) COMPUTATION OF DISTRICT REQUIRED LOCAL EFFORT.—The Legislature shall prescribe the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The amount that each district shall provide annually toward the cost of the Florida Education Finance Program for kindergarten through grade 12 programs shall be calculated as follows:
 - (a) Estimated taxable value calculations. --

Page 88 of 107

- Not later than 2 working days prior to July 19, the Department of Revenue shall certify to the Commissioner of Education its most recent estimate of the taxable value for school purposes in each school district and the total for all school districts in the state for the current calendar year based on the latest available data obtained from the local property appraisers. Not later than July 19, the Commissioner of Education shall compute a millage rate, rounded to the next highest one one-thousandth of a mill, which, when applied to 95 percent of the estimated state total taxable value for school purposes, would generate the prescribed aggregate required local effort for that year for all districts. The Commissioner of Education shall certify to each district school board the millage rate, computed as prescribed in this subparagraph, as the minimum millage rate necessary to provide the district required local effort for that year.
- b. The General Appropriations Act shall direct the computation of the statewide adjusted aggregate amount for required local effort for all school districts collectively from ad valorem taxes to ensure that no school district's revenue from required local effort millage will produce more than 90 percent of the district's total Florida Education Finance Program calculation, and the adjustment of the required local effort millage rate of each district that produces more than 90 percent of its total Florida Education Finance Program entitlement to a level that will produce only 90 percent of its total Florida Education Finance Program entitlement in the July calculation.
- 2. As revised data are received from property appraisers, the Department of Revenue shall amend the certification of the

estimate of the taxable value for school purposes. The Commissioner of Education, in administering the provisions of subparagraph (10)(9)(a)2., shall use the most recent taxable value for the appropriate year.

(b) Final calculation. --

- 1. The Department of Revenue shall, upon receipt of the official final assessed value of property from each of the property appraisers, certify to the Commissioner of Education the taxable value total for school purposes in each school district, subject to the provisions of paragraph (d). The commissioner shall use the official final taxable value for school purposes for each school district in the final calculation of the annual Florida Education Finance Program allocations.
- 2. For the purposes of this paragraph, the official final taxable value for school purposes shall be the taxable value for school purposes on which the tax bills are computed and mailed to the taxpayers, adjusted to reflect final administrative actions of value adjustment boards and judicial decisions pursuant to part I of chapter 194. By September 1 of each year, the Department of Revenue shall certify to the commissioner the official prior year final taxable value for school purposes. For each county that has not submitted a revised tax roll reflecting final value adjustment board actions and final judicial decisions, the Department of Revenue shall certify the most recent revision of the official taxable value for school purposes. The certified value shall be the final taxable value for school purposes, and no further adjustments shall be made, except those made pursuant to subparagraph (10)(9)(a)2.
 - (8) RESEARCH-BASED READING INSTRUCTION ALLOCATION .--

Page 90 of 107

- (a) The research-based reading instruction allocation is created to provide comprehensive reading instruction to students in kindergarten through grade 12.
- (b) Funds for comprehensive, research-based reading instruction shall be allocated annually to each school district in the amount provided in the General Appropriations Act. Each eligible school district shall receive the same minimum amount as specified in the General Appropriations Act, and any remaining funds shall be distributed to eligible school districts based on each school district's proportionate share of K-12 base funding.
- (c) Funds must be used to provide a system of comprehensive reading instruction to students enrolled in the K-12 programs, which may include the following:
 - 1. The provision of highly qualified reading coaches.
- 2. Professional development for school district teachers and administrators in scientifically based reading instruction.
- 3. The provision of summer reading camps for students who score at Level 1 on FCAT Reading.
- 4. The provision of supplemental instructional materials that are grounded in scientifically based reading research and comprehensive training in their use for which teachers shall receive inservice credit.
- 5. The provision of intensive interventions for middle and high school students reading below grade level.
- (d) Annually, by a date determined by the Department of Education but before May 1, school districts shall submit a K-12 comprehensive reading plan for the specific use of the research-based reading instruction allocation in the format prescribed by the department for review and approval by the Just Read, Florida!

Page 91 of 107

Office created pursuant to s. 1001.215. The plan annually submitted by school districts shall be deemed approved unless the department rejects the plan on or before June 1. If a school district and the Just Read, Florida! Office cannot reach agreement on the contents of the plan, the school district may appeal to the State Board of Education for resolution. Highperforming school districts shall be allowed reasonable flexibility in designing their plans and shall be encouraged to offer reading intervention through innovative methods. The plan format shall be developed with input from school district personnel, including teachers and principals. The plan must emphasize reading for information at the secondary level and allow reading intervention through content courses in core, career, and alternative programs. No later than July 1 annually, the department shall release the school district's allocation of appropriated funds to those districts with approved plans. A school district that spends 100 percent of this allocation on its approved plan shall be deemed to have been in compliance with the plan. The department may withhold funds upon a determination that reading instruction allocation funds are not being used to implement the approved plan.

(9) (8) QUALITY ASSURANCE GUARANTEE.—The Legislature may annually in the General Appropriations Act determine a percentage increase in funds per K-12 unweighted FTE as a minimum guarantee to each school district. The guarantee shall be calculated from prior year base funding per unweighted FTE student which shall include the adjusted FTE dollars as provided in subsection (10) (9), quality guarantee funds, and actual nonvoted discretionary local effort from taxes. From the base funding per

CODING: Words stricken are deletions; words underlined are additions.

unweighted FTE, the increase shall be calculated for the current year. The current year funds from which the guarantee shall be determined shall include the adjusted FTE dollars as provided in subsection (10)(9) and potential nonvoted discretionary local effort from taxes. A comparison of current year funds per unweighted FTE to prior year funds per unweighted FTE shall be computed. For those school districts which have less than the legislatively assigned percentage increase, funds shall be provided to guarantee the assigned percentage increase in funds per unweighted FTE student. Should appropriated funds be less than the sum of this calculated amount for all districts, the commissioner shall prorate each district's allocation. This provision shall be implemented to the extent specifically funded.

- (10)(9) TOTAL ALLOCATION OF STATE FUNDS TO EACH DISTRICT FOR CURRENT OPERATION. -- The total annual state allocation to each district for current operation for the FEFP shall be distributed periodically in the manner prescribed in the General Appropriations Act.
- (a) The basic amount for current operation for the FEFP as determined in subsection (1), multiplied by the district cost differential factor as determined in subsection (2), plus the amounts provided for categorical components within the FEFP, plus the amount for the sparsity supplement as determined in subsection (6), the decline in full-time equivalent students as determined in subsection (7), the research-based reading instruction allocation as determined in subsection (8), and the quality assurance guarantee as determined in subsection (9)(8), less the required local effort as determined in subsection (4). If the funds appropriated for the purpose of funding the total

267.5

amount for current operation as provided in this paragraph are not sufficient to pay the state requirement in full, the department shall prorate the available state funds to each district in the following manner:

- 1. Determine the percentage of proration by dividing the sum of the total amount for current operation, as provided in this paragraph for all districts collectively, and the total district required local effort into the sum of the state funds available for current operation and the total district required local effort.
- 2. Multiply the percentage so determined by the sum of the total amount for current operation as provided in this paragraph and the required local effort for each individual district.
- 3. From the product of such multiplication, subtract the required local effort of each district; and the remainder shall be the amount of state funds allocated to the district for current operation.
- (b) The amount thus obtained shall be the net annual allocation to each school district. However, if it is determined that any school district received an underallocation or overallocation for any prior year because of an arithmetical error, assessment roll change, full-time equivalent student membership error, or any allocation error revealed in an audit report, the allocation to that district shall be appropriately adjusted. Beginning with audits for the 2001-2002 fiscal year, if the adjustment is the result of an audit finding in which group 2 FTE are reclassified to the basic program and the district weighted FTE are over the weighted enrollment ceiling for group 2 programs, the adjustment shall not result in a gain of state

funds to the district. If the Department of Education audit adjustment recommendation is based upon controverted findings of fact, the Commissioner of Education is authorized to establish the amount of the adjustment based on the best interests of the state.

(c) The amount thus obtained shall represent the net annual state allocation to each district; however, notwithstanding any of the provisions herein, each district shall be guaranteed a minimum level of funding in the amount and manner prescribed in the General Appropriations Act.

Section 43. Paragraph (a) of subsection (2) of section 1011.64, Florida Statutes, is amended to read:

- 1011.64 School district minimum classroom expenditure requirements.--
- (2) For the purpose of implementing the provisions of this section, the Legislature shall prescribe minimum academic performance standards and minimum classroom expenditure requirements for districts not meeting such minimum academic performance standards in the General Appropriations Act.
- (a) Minimum academic performance standards may be based on, but are not limited to, district performance grades determined pursuant to s. 1008.34(7)(8).
- Section 44. Section 1011.67, Florida Statutes, is amended to read:
 - 1011.67 Funds for instructional materials.--
- (1) The department is authorized to allocate and distribute to each district an amount as prescribed annually by the Legislature for instructional materials for student membership in basic and special programs in grades K-12, which will provide for

Page 95 of 107

CODING: Words stricken are deletions; words underlined are additions.

growth and maintenance needs. For purposes of this <u>subsection</u> section, unweighted full-time equivalent students enrolled in the lab schools in state universities are to be included as school district students and reported as such to the department. These funds shall be distributed to school districts as follows: 50 percent on or about July 10; 35 percent on or about October 10; 10 percent on or about January 10; and 5 percent on or about June 10. The annual allocation shall be determined as follows:

- $\underline{(a)}$ (1) The growth allocation for each school district shall be calculated as follows:
- $\frac{1.(a)}{(a)}$ Subtract from that district's projected full-time equivalent membership of students in basic and special programs in grades K-12 used in determining the initial allocation of the Florida Education Finance Program, the prior year's full-time equivalent membership of students in basic and special programs in grades K-12 for that district.
- 2.(b) Multiply any such increase in full-time equivalent student membership by the allocation for a set of instructional materials, as determined by the department, or as provided for in the General Appropriations Act.
- 3.(c) The amount thus determined shall be that district's initial allocation for growth for the school year. However, the department shall recompute and adjust the initial allocation based on actual full-time equivalent student membership data for that year.
- $\underline{\text{(b)}}$ The maintenance of the instructional materials allocation for each school district shall be calculated by multiplying each district's prior year full-time equivalent membership of students in basic and special programs in grades K-

Page 96 of 107

12 by the allocation for maintenance of a set of instructional materials as provided for in the General Appropriations Act. The amount thus determined shall be that district's initial allocation for maintenance for the school year; however, the department shall recompute and adjust the initial allocation based on such actual full-time equivalent student membership data for that year.

- (c) (3) In the event the funds appropriated are not sufficient for the purpose of implementing this <u>subsection</u> section in full, the department shall prorate the funds available for instructional materials after first funding in full each district's growth allocation.
- (2) Annually by July 1 and prior to the release of instructional materials funds, each district school superintendent shall certify to the Commissioner of Education that the district school board has approved a comprehensive staff development plan that requires fidelity of implementation of instructional materials that are in the first 2 years of the adoption cycle and that the district intends to purchase. The staff development plan must provide for training for each teacher who will use the materials, provide inservice credit for the training, and document satisfactory completion of the training by each teacher. The superintendent shall annually report to the district school board on the implementation of the plan. The report shall include verification that training was provided, that teachers satisfactorily completed the training, and that the materials are being implemented as designed. The district's collective bargaining agreement shall not be used as a barrier to compliance with this subsection.

BILL YEAR

Section 45. Paragraph (b) of subsection (2) of section 1011.685, Florida Statutes, is amended to read:

1011.685 Class size reduction; operating categorical fund.--

- (2) Class size reduction operating categorical funds shall be used by school districts for the following:
- (b) For any lawful operating expenditure, if the district has met the constitutional maximums identified in s. 1003.03(1) or the reduction of two students per year required by s. 1003.03(2); however, priority shall be given to increase salaries of classroom teachers as defined in s. 1012.01(2)(a) and to implement the performance-pay incentive and the differentiated pay detailed in s. 1012.22(1)(c) salary career ladder defined in s. 1012.231.

Section 46. Subsection (1) of section 1011.71, Florida Statutes, is amended to read:

1011.71 District school tax.--

(1) If the district school tax is not provided in the General Appropriations Act or the substantive bill implementing the General Appropriations Act, each district school board desiring to participate in the state allocation of funds for current operation as prescribed by s. 1011.62(10)(9) shall levy on the taxable value for school purposes of the district, exclusive of millage voted under the provisions of s. 9(b) or s. 12, Art. VII of the State Constitution, a millage rate not to exceed the amount certified by the commissioner as the minimum millage rate necessary to provide the district required local effort for the current year, pursuant to s. 1011.62(4)(a)1. In addition to the required local effort millage levy, each district

Page 98 of 107

school board may levy a nonvoted current operating discretionary millage. The Legislature shall prescribe annually in the appropriations act the maximum amount of millage a district may levy. The millage rate prescribed shall exceed zero mills but shall not exceed the lesser of 1.6 mills or 25 percent of the millage which is required pursuant to s. 1011.62(4), exclusive of millage levied pursuant to subsection (2).

Section 47. Subsection (6) is added to section 1012.21, Florida Statutes, to read:

- 1012.21 Department of Education duties; K-12 personnel.--
- (6) REPORTING. -- The Department of Education shall annually post online links to each school district's collectively bargained contracts and the salary and benefits of the personnel or officers of any educator association that were paid by the school district pursuant to s. 1012.22.

Section 48. Paragraph (c) of subsection (1) of section 1012.22, Florida Statutes, is amended to read:

- 1012.22 Public school personnel; powers and duties of the district school board.—The district school board shall:
- (1) Designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees as follows, subject to the requirements of this chapter:
 - (c) Compensation and salary schedules .--
- 1. The district school board shall adopt a salary schedule or salary schedules designed to furnish incentives for improvement in training and for continued efficient service to be used as a basis for paying all school employees and fix and

Page 99 of 107

authorize the compensation of school employees on the basis thereof.

- 2. A district school board, in determining the salary schedule for instructional personnel, must base a portion of each employee's compensation on performance demonstrated under s. 1012.34, must consider the prior teaching experience of a person who has been designated state teacher of the year by any state in the United States, and must consider prior professional experience in the field of education gained in positions in addition to district level instructional and administrative positions.
- 3. In developing the salary schedule, the district school board shall seek input from parents, teachers, and representatives of the business community.
- 4. Beginning with the 2002-2003 fiscal year, each district school board must adopt a performance-pay policy for school administrators and instructional personnel. The district's performance-pay policy is subject to negotiation as provided in chapter 447; however, the adopted salary schedule must allow school administrators and instructional personnel who demonstrate outstanding performance, as measured under s. 1012.34, to earn a 5-percent supplement in addition to their individual, negotiated salary. The supplements shall be funded from the performance-pay reserve funds adopted in the salary schedule. Beginning with the 2004 2005 academic year, the district's 5 percent performance pay policy must provide for the evaluation of classroom teachers within each level of the salary career ladder provided in s. 1012.231. The Commissioner of Education shall determine whether the district school board's adopted policy and salary schedule

complies with the requirement for performance-based pay. If the district school board fails to comply with this section, the commissioner <u>may shall</u> withhold disbursements from the Educational Enhancement Trust Fund to the district <u>and take any other measure provided by law necessary to ensure compliance until compliance is verified.</u>

5. Beginning with the 2007-2008 academic year, each district school board shall adopt a salary schedule with differentiated pay for both instructional personnel and school-based administrators. The salary schedule is subject to negotiation as provided in chapter 447 and must allow differentiated pay based on district-determined factors, including, but not limited to, additional responsibilities, school demographics, critical shortage areas, and level of job performance difficulties.

Section 49. Section 1012.2315, Florida Statutes, is created to read:

1012.2315 Assignment of teachers.--

(1) LEGISLATIVE FINDINGS AND INTENT.—The Legislature finds disparity between teachers assigned to teach in a majority of "A" graded schools compared to teachers assigned to teach in a majority of "F" graded schools. The disparity can be found in the average years of experience, the median salary, and the performance of the teachers on teacher certification examinations. It is the intent of the Legislature that district school boards have flexibility through the collective bargaining process to assign teachers more equitably across the schools in the district.

districts may not assign a higher percentage than the school district average of first-time teachers, temporarily certified teachers, teachers in need of improvement, or out-of-field teachers to schools with above the school district average of minority and economically disadvantaged students or schools that are graded "D" or "F." Each school district shall annually certify to the Commissioner of Education that this requirement has been met. If the commissioner determines that a school district is not in compliance with this subsection, the State Board of Education shall be notified and shall take action pursuant to s. 1008.32 in the next regularly scheduled meeting to require compliance.

Section 50. Subsection (2) of section 1012.27, Florida Statutes, is amended to read:

- 1012.27 Public school personnel; powers and duties of district school superintendent.—The district school superintendent is responsible for directing the work of the personnel, subject to the requirements of this chapter, and in addition the district school superintendent shall perform the following:
- (2) COMPENSATION AND SALARY SCHEDULES.—Prepare and recommend to the district school board for adoption a salary schedule or salary schedules. The district school superintendent must recommend a salary schedule for instructional personnel which bases a portion of each employee's compensation on performance demonstrated under s. 1012.34. In developing the recommended salary schedule, the district school superintendent shall include input from parents, teachers, and representatives

Page 102 of 107

of the business community. Beginning with the 2006-2007 2004-2005 academic year, the recommended salary schedule for classroom teachers shall be consistent with the district's performance-pay policy under s. 1012.22(1)(c) and, beginning with the 2007-2008 academic year, the district's differentiated pay under s. 1012.22(1)(c) career ladder based upon s. 1012.231.

Section 51. Subsection (6) of section 1012.28, Florida Statutes, is amended to read:

- 1012.28 Public school personnel; duties of school principals.--
- (6) A school principal who fails to comply with this section shall be ineligible for any portion of the <u>performance</u>pay performance pay policy incentive or the differentiated pay under s. 1012.22(1)(c).

Section 52. Paragraph (a) of subsection (3) of section 1012.34, Florida Statutes, is amended to read:

1012.34 Assessment procedures and criteria.--

and school administrators must be primarily based on the performance of students assigned to their classrooms or schools, as appropriate. Pursuant to this section, a school district's performance assessment is not limited to basing unsatisfactory performance of instructional personnel and school administrators upon student performance, but may include other criteria approved to assess instructional personnel and school administrators' performance, or any combination of student performance and other approved criteria. The procedures must comply with, but are not limited to, the following requirements:

- (a) An assessment must be conducted for each employee at least once a year. The assessment must be based upon sound educational principles and contemporary research in effective educational practices. The assessment must primarily use data and indicators of improvement in student performance assessed annually as specified in s. 1008.22 and may consider results of peer reviews in evaluating the employee's performance. Student performance must be measured by state assessments required under s. 1008.22 and by local assessments for subjects and grade levels not measured by the state assessment program. The assessment criteria must include, but are not limited to, indicators that relate to the following:
 - 1. Performance of students.
 - 2. Ability to maintain appropriate discipline.
- 3. Knowledge of subject matter. The district school board shall make special provisions for evaluating teachers who are assigned to teach out-of-field.
- 4. Ability to plan and deliver instruction, including implementation of the rigorous reading requirement pursuant to s. 1003.415, when applicable, and the use of technology in the classroom.
 - 5. Ability to evaluate instructional needs.
- 6. Ability to establish and maintain a positive collaborative relationship with students' families to increase student achievement.
- 7. Other professional competencies, responsibilities, and requirements as established by rules of the State Board of Education and policies of the district school board.
 - Section 53. Subsection (4) of section 1012.56, Florida

Page 104 of 107

2975 l

3004 Statutes, is amended to read:

1012.56 Educator certification requirements. --

- (4) MASTERY OF SUBJECT AREA KNOWLEDGE. -- Acceptable means of demonstrating mastery of subject area knowledge are:
- (a) Achievement of passing scores on subject area examinations required by state board rule;
- (b) Completion of the subject area specialization requirements specified in state board rule and verification of the attainment of the essential subject matter competencies by the district school superintendent of the employing school district or chief administrative officer of the employing state-supported or private school for a subject area for which a subject area examination has not been developed and required by state board rule;
- (c) Completion of the subject area specialization requirements specified in state board rule for a subject coverage requiring a master's or higher degree and achievement of a passing score on the subject area examination specified in state board rule;
- (d) A valid professional standard teaching certificate issued by another state; or
- (e) A valid certificate issued by the National Board for Professional Teaching Standards or a national educator credentialing board approved by the State Board of Education.

School districts are encouraged to provide mechanisms for those middle school teachers holding only a K-6 teaching certificate to obtain a subject area coverage for middle grades through postsecondary coursework or district subject content professional

development activities to assist in the preparation for earning a passing score on the subject area examination required for add-on certification.

Section 54. Section 1012.986, Florida Statutes, is created to read:

1012.986 William Cecil Golden Professional Development Program for School Leaders.--

- Golden Professional Development Program for School Leaders, a high-quality, competency-based, customized, comprehensive, and coordinated statewide professional development program that is aligned with the leadership standards for school leaders adopted by the State Board of Education. The program shall be administered by the Department of Education and shall provide leadership training opportunities for school leaders to enable them to be more effective instructional leaders, especially in the area of reading. The program shall provide school leaders with the opportunity to attain a school leadership designation pursuant to subsection (3).
- (2) DEFINITION.--As used in this section, the term "school leader" means a school principal or assistant principal holding a valid Florida certificate in educational leadership.
- (3) DESIGNATIONS.--The Department of Education shall develop criteria for designating high-performing school leaders.

 The criteria must emphasize student learning gains, especially in high schools.
 - (4) PROGRAM REQUIREMENTS. --
- (a) The program shall be based upon the leadership standards adopted by the State Board of Education, the standards

Page 106 of 107

A++ PCB Final March 7

CODING: Words stricken are deletions; words underlined are additions.

of the National Staff Development Council, and the federal requirements for high-quality professional development under the No Child Left Behind Act of 2001.

- (b) The program shall provide a competency-based approach that utilizes prediagnostic and postdiagnostic evaluations that shall be used to create an individualized professional development plan approved by the district school superintendent. The plan shall be structured to support the school leader's attainment of the leadership standards adopted by the State Board of Education.
- (c) The program shall incorporate instructional leadership training and effective business practices for efficient school operations in school leadership training.
- (5) DELIVERY SYSTEMS. -- The Department of Education shall deliver the program through multiple delivery systems, including:
 - (a) Approved school district training programs.
 - (b) Interactive technology-based instruction.
- (c) Regional consortium service organizations pursuant to s. 1001.451.
- (6) RULES.--The State Board of Education shall adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section.
- Section 55. <u>Section 1012.987</u>, Florida Statutes, is repealed.
 - Section 56. This act shall take effect upon becoming a law.

SUMMARY ANALYSIS

The A++ PCB builds on the success of the original A+ legislation by enhancing educational accountability, instituting secondary school reform, and expanding support for reading, mathematics, and career education.

The bill makes substantial changes to education law. This analysis groups those changes in the following topic areas:

- **Education Data and Accountability**
- Standards and Performance Based Accountability
- Instructional Reforms
- Reading Initiatives
- **Exceptional Students**
- Teachers and Principals

The bill will have an indeterminate fiscal impact. Please see the FISCAL ANALYSIS section of the analysis.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives. pcb01a.PKT.doc STORAGE NAME: 3/6/2006

DATE:

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government:

The bill grants authority to the Governor and Commissioner of Education to intervene in the operation of failing school districts. The bill establishes new educational programs and provides rule-making authority.

Safeguard Individual Liberty:

The bill creates educational programs that enable students to finish high school with marketable job skills and credentials, and better preparation for postsecondary education.

Promote Personal Responsibility:

The bill provides increased opportunities for teachers and principals to receive reading credentials and professional development. The bill requires school districts to adopt salary schedules that enable teachers and administrators to earn differentiated pay. The bill provides accountability for public and alternative schools. The bill requires actions to improve the performance of failing schools.

Empower Families:

The bill empowers parents to direct their child's education. Students are empowered to choose high school courses based on their interests and future goals, including courses related to workplace and postsecondary education.

B. EFFECT OF PROPOSED CHANGES:

Education Data and Accountability

Guiding Principles for Accountability System

Currently, the State Board of Education (SBE) is required to adopt guiding principles for establishing state and sector-specific standards and measures and to maintain an accountability system measuring student progress towards goals prescribed in statute.¹

The bill eliminates the requirement that the SBE adopt guiding principles, and instead outlines several guiding principles for state and sector-specific standards and measures for implementing the accountability system. The bill requires the Department of Education (DOE), rather than the SBE, to align the accountability system with specified student progress goals.

Education Data Quality Improvements

Currently, school districts and public postsecondary educational institutions are required to maintain information systems to provide the SBE and the Legislature with information and reports necessary to address the specifications of the accountability system.² Under Florida law, the Commissioner of Education (Commissioner) is responsible for assisting the SBE in enforcing school district compliance with the mission and goals of the seamless K-20 education system.³

The bill preserves the requirement that school districts and public postsecondary educational institutions maintain information systems for providing information and reports to the SBE and

¹ Section 1008.31(3), F.S.

² Section 1008.31(3), F.S.

³ Section 1001.10, F.S.

Legislature, and applies these requirements to the Board of Governors of the State University System (BOG).

The bill designates the Commissioner as the sole custodian of the K-20 data warehouse and requires the Commissioner to manage the timeliness, quality, and availability of educational data necessary to implement performance accountability measures in compliance with state and federal law. The bill requires that data from state universities be integrated into the K-20 data warehouse, and grants the Commissioner unlimited access to such data for the purpose of assessing program effectiveness, student progress and outcomes, and for use in improving college readiness and articulation.

Division of Accountability Research and Measurement

Section 20.15(3), F.S. establishes the DOE and its divisions.

The bill establishes the Division of Accountability, Research, and Measurement as a new division within the DOE.

Public School Student Progression Data

District school boards are currently required to annually publish and report to the SBE certain student progression data. The bill requires DOE to establish a uniform format for the reporting of this information, with input from school districts, and also to compile such information and report it annually to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

FCAT Student Achievement Reports

The bill requires that the DOE annually report specified longitudinal data relating to student performance on the FCAT, efforts to close the achievement gap, and performance on the norm-referenced component of the FCAT. Also, when available, the DOE may report any other student performance data based on national norm-referenced and criterion-referenced tests.

Standards and Performance Based Accountability

The Sunshine State Standards

The Sunshine State Standards (SSS) were approved by the SBE in 1996. The SSS establish the subject area content and skills that each student must learn at each grade-level. Subject areas covered by the SSS include language arts, mathematics, science, social studies, health, physical education, foreign languages, and the arts.

The SSS have not been formally revised since their adoption, although minor technical revisions were made in 1999. In an effort to more closely align Florida's standards, instructional materials, teacher certification requirements, and the FCAT, the DOE has developed a six year cycle for the review and revision of the SSS and all accompanying materials. The proposed review and revision cycle was approved by the SBE at its January 17, 2006 meeting. Initial review and revision of the SSS will occur during 2006-2010. The DOE estimates that the new review and revise cycle will be fully implemented by 2011.

⁴ Florida Department of Education, Memorandum from Cheri Yecke, Chancellor, K-12 Public Schools, available at http://info.fldoe.org/docushare/dsweb/Get/Document-3485/k12 06 05memo.pdf (Jan. 24, 2006).

Florida Sunshine State Standards Proposed Six-Year Review and Revise Cycle⁶

| | Subject | Year of Review and Revision | | |
|---------------------|---|-----------------------------|--|--|
| | Reading, Language Arts, ESOL | 2011 | | |
| | Math | 2012 | | |
| | Science | 2013 | | |
| Six Year Cycle | Social Studies | 2014 | | |
| | Electives: Computer, Business, Tech, Industrial, Health, Foreign Languages, Physical Education, Family and Consumer Sciences, Humanities 2015 | 2015 | | |
| | Visual and Performing Arts | 2016 | | |
| Next Six Year Cycle | Same as above | 2017-2022 | | |

The bill requires the SBE to periodically review each SSS subject area. Review teams for each subject area must include representatives from each other SSS subject area to facilitate integration of reading and math in the content areas and address individual learning styles and needs. The bill sets forth several criteria for reviewing the standards aimed at improving overall instruction.

The review schedule and an annual status report must be provided to the Governor, the President of the Senate, and the Speaker of the House of Representatives and must include a determination of the extent to which district school boards have provided a complete education program.

The bill also provides district school boards authority to adopt policies to provide a complete education program aligned to the subjects currently covered by the SSS. District adopted policies must reinforce the integration of reading, writing, and mathematics skills across all subjects, including career and technical education.

Assessment

The primary purpose of the FCAT is to assess benchmarks of student achievement in reading, writing, mathematics, and science as defined by the SSS. A secondary purpose is to compare the performance of Florida students to the reading and mathematics performance of students across the nation using a norm-referenced test. B

All students in grades 3-10 take the FCAT reading and mathematics tests in the spring of each year. All students in grades 4, 8, and 10 take FCAT writing. FCAT science was initially administered to all students in grades 5, 8, and 10. However, feedback from the FCAT Science Content Advisory Committee, the Science Performance Review Committee, the Florida Association of Science

⁶ Florida Department of Education, Memorandum from Cheri Yecke, Chancellor, K-12 Public Schools, available at http://info.fldoe.org/docushare/dsweb/Get/Document-3486/k12_06_05att1.pdf (Jan. 24, 2006).

⁷ Florida Department of Education, FCAT FAQs, available at http://www.firn.edu/doe/sas/fcat/aboutfcat/english/faq1.html.

⁸ Florida Department of Education, FCAT Main Page, available at http://firn.edu/doe/sas/fcat.htm.

Supervisors, and the Florida Association of Science Teachers led DOE to administer the 2005 high school science assessment at Grade 11 rather than at Grade 10.9

The bill maintains the requirement that students in grades 3 though 10 take the FCAT reading and mathematics tests annually. The bill also provides that students will take FCAT science and writing at least once at the elementary, middle, and high school levels. The bill requires the Commissioner to document procedures ensuring that grade 10 FCAT retake tests are equal in difficulty to the version administered to students on their first attempt. The bill also authorizes the Commissioner to study the cost and student achievement impact of end of course assessments.

The bill specifies that school districts may require low performing students to attend extended day or summer remediation programs. School districts must provide opportunities for students to demonstrate an acceptable level competency on an alternative standardized test following enrollment in a summer remediation program.

Alternative Assessments for Grade 10 FCAT

Section 1008.22, F.S. requires the Commissioner to approve concordant scores on the SAT and ACT tests as alternative assessments for the grade 10 FCAT for students graduating in 2003-04. Students graduating in 2003-04 were eligible to use concordant scores on an alternative assessment to meet FCAT graduation requirements only after failing to pass the grade 10 FCAT three times, with an exception for students new to the Florida public school system in grade 12.¹⁰ Likewise, section 1008.221, F.S. contains an identical exception specifically for dependent children of military personnel.

Similarly, s.1008.301, F.S. requires the SBE to analyze the PSAT, PLAN, SAT and ACT to determine if concordant scores on the grade 10 FCAT can be established. SBE then has authority to adopt concordant scores as meeting FCAT graduation requirements. SBE utilized its discretionary authority to enable substitution of concordant SAT and ACT scores for the 2004-2005 school year. In 2004-2005, 546 students were awarded a standard high school diploma using concordant scores on the SAT or ACT to meet FCAT graduation requirements.¹¹ The concordant scores presently in effect are as follows:¹²

| F | READING | | MATH | | |
|------|---------|------|------|--|--|
| FCAT | 300 | FCAT | 300 | | |
| SAT | 410 | SAT | 370 | | |
| ACT | 15 | ACT | 15 | | |

The bill makes permanent the SBE's authority to evaluate the PSAT, PLAN, SAT, ACT, College Placement Test, and any other widely used high school achievement tests to assess if concordant scores can be determined for use by students in satisfying grade 10 FCAT graduation requirements. Concordant scores identified by the SBE must then be adopted by the Commissioner. Sections 1008.221 and 1008.301, F.S. are repealed, eliminating duplicative statutory language on adoption of concordant scores.

Designation of School Grades

The bill changes terminology to reflect current usage by replacing "performance grade category" with "school grades."

http://www.fldoe.org/news/2005/2005_05_16/AltAssessOpt10thGrFCAT.pdf (May 16, 2005).

⁹ Florida Department of Education, FCAT Update, available at http://firn.edu/doe/sas/fcat/pdf/fcat-update-0904.pdf (Oct., 2005).

¹⁰ Section 1008.22(9)(b), F.S.

¹¹ Correspondence from Linda Hewett, Florida Department of Education, Education Information Services, (Oct. 6, 2005).

¹² Florida Department of Education, Memorandum from Jim Warford, Chancellor, K-12 Public Schools, available at

Existing law provides that a school's grade is based on its current year performance and its annual learning gains. ¹³ A school's grade is based on a combination of student achievement scores, student learning gains as measured by annual FCAT assessments in grades 3 through 10, and improvement of the lowest 25th percentile of students in the school. The bill codifies current practice that the measurement of the lowest 25th percentile in the school is only in FCAT Reading.

The bill allows alternative schools to choose to receive a school improvement rating in lieu of a school grade. The bill also requires that the achievement scores of certain students¹⁴ attending alternative schools be used only in the calculation of the alternative school's grade, unless the Commissioner determines that the home school and alternative school are cooperating in an effort to avoid the state accountability system. The achievement scores of students attending alternative schools that opt to receive a school improvement rating are included in the calculation of the home school's grade. This is intended to remove any incentive for assigning students to an alternative school to improve the overall performance of the home school.

School Improvement Ratings for Alternative Schools

The bill provides that alternative schools that provide dropout prevention and academic intervention services may choose to receive a school improvement rating in lieu of a school grade. School improvement ratings will be based on student assessment data for the current year compared to student performance for the previous year. Alternative schools may earn school improvement rating designations of "improving," "maintaining," or "declining," and those improving at least one level or maintaining an "improving" rating are eligible for school recognition awards.

The bill requires the Commissioner to prepare annual reports on the performance of alternative schools. The bill also requires a school report card containing data on student performance and an explanation of school performance as evaluated by federal law. The report card must be delivered to parents throughout each school district.

School Recognition Awards

The Florida School Recognition Program¹⁶ provides lottery-funded financial awards to public schools as a reward for performance. Schools that maintain a grade of "A" or improve one letter grade receive \$100 per student. In Fiscal Year 2004-05, schools received \$117.2 million in School Recognition funds. Funds may be used to reward faculty and staff, purchase educational equipment or materials, and hire temporary personnel. The school's staff and advisory council jointly determine the specific use of the funds. If no agreement is reached by November 1, the award is equally distributed to all classroom teachers currently teaching in the school. ¹⁷

The bill increases the allowable uses of school recognition awards to include student incentives and bonuses to persons who worked at the school during the year of improved performance. The bill requires the annual school improvement plan developed by school staff and the school's advisory council to include a determination of how school recognition funds would be used, if received. If the plan does not include such a determination, the school shall not be eligible for the funds.

School Report Cards

¹³ Section 1008.34, F.S.

¹⁴ This calculation does not include students who are attending an alternative school who are subject to expulsion, who are in dropout retrieval programs, or who are in Department of Juvenile Justice operated and contracted programs.

¹⁵ As evaluated by the No Child Left Behind Act of 2001, 20 U.S.C. 6311.

¹⁶ Section 1008.36, F.S.

Current law provides that school grades apply to each school's performance for the year in which performance is measured and that the designation be published annually by the DOE and the school district.¹⁸ Parents are entitled to an easy-to read report card for the school in which their child is enrolled.¹⁹

The bill requires the DOE to annually develop a school report card, including information relating to the school's grade, the school's improvement, and an explanation of school performance as evaluated by federal law.²⁰ The report card must be delivered to the parents throughout each school district and published annually on the DOE's website.

School Improvement Plans

Florida law requires each district school board to implement and maintain a system of school improvement and accountability. District school boards must approve a school improvement plan for each school designed to achieve state educational priorities, academic goals, budget implementation, instructional materials purchasing, implementation of student safety and discipline policies, facilities operations, and other areas as determined by the board.²¹

The bill requires school districts to implement a system of school improvement that is aligned with the SSS and monitors students' proficiency on the SSS. Each school's student information system must support alignment to the SSS, monitoring of individual student progress, and enhanced instructional strategies, assessment, and professional development. The bill establishes more specific requirements for school improvement plans for schools graded "C" or below, and schools required to have a school improvement plan under federal law.

The bill requires school districts to publish reports containing information related to school improvement that are understandable, easy to read, and delivered via multiple media.

Educational Emergency

Under current Florida law, the Commissioner is responsible for implementing and maintaining the state system of school improvement and accountability.²² Pursuant to this authority, the department must assign a community assessment team to each school district with a school graded "D" or "F" that is responsible for making recommendations for school improvement based on an evaluation of past student performance, student needs, and past educational practices.²³

The bill authorizes the Commissioner to assign an assessment team and requires that each school district with a school graded "F" two consecutive years after a community assessment team delivers its school improvement recommendations be declared to be in a state of educational emergency. The bill provides that, once an emergency is declared, the Governor and Commissioner have emergency powers and oversight authority over school district operations. As part of this process, an educational emergency board may be established to oversee the operations of the district school board and to make recommendations for improving district operations. The community assessment team serves in an advisory capacity to the emergency board. Upon receipt of the emergency board's recommendations, the Governor, Commissioner and SBE must require the district school board to develop an action plan for ending the educational emergency. State of emergency status may be terminated by the Governor and Commissioner upon determination that the conditions leading to the declaration of educational emergency have ceased to exist.

²⁰ The No Child Left Behind Act of 2001.

²¹ Section 1001.42(16), F.S.

²² Section 1008.345, F.S.

²³ Section 1008.345(6)(d), F.S.

No Child Left Behind Act of 2001 State Plans

Title I of the No Child Left Behind Act (NCLB) makes federal grant money available to state and local education agencies.²⁴ States seeking Title I funds must submit a NCLB implementation plan to the U.S. Department of Education.²⁵

The bill requires that the SBE and the Commissioner seek public input and secure legislative review of the proposed state plan for NCLB implementation. Additionally, the bill authorizes the Legislative Budget Commission to review the proposed state plans of the SBE and Commissioner.

Instructional Reforms

K-20 Mission

Florida law declares that the mission of the K-20 education system is to provide students the opportunity to expand their knowledge and skills through adequate learning opportunities. The bill amends the K-20 mission statement to state that students be provided high-quality, rigorous, and relevant learning opportunities.

Secondary School Reform

Secondary school reform is part of an effort to ensure that every student progresses to the next educational level based on proficiency. Student proficiency in reading declines after fourth grade. Student proficiency in mathematics declines to its lowest point in sixth grade, then climbs upward to tenth grade. Additionally, Florida's ninth grade retention rate increased from 37,529 students retained in 1998-1999 to 52,355 students retained in 2003-2004.²⁷ Large numbers of students continue to need remediation at the postsecondary level. Action must be taken to provide a high school credential that better prepares students to enter postsecondary education and the workplace.

The bill provides the intent of the Legislature that students promoted from eighth grade have the skills for success in high school, and that students graduating from high school have the skills they need for success in the workplace and postsecondary education. The bill specifies several guiding principles for secondary school reform focused on providing support for student learning, support and training to enable teachers to meet student needs, and curricula that prepare students for the workplace and postsecondary education.

The bill requires school districts to adopt policies based on these guiding principles. School district policies must be submitted to the SBE for approval and must address procedures and programs in secondary schools. Likewise, the bill assigns the DOE several responsibilities to support districts' successful implementation of secondary reform.

The bill requires the Commissioner to create the Secondary School Improvement Award Program to reward public secondary schools based on student academic achievement and learning gains in reading and mathematics.

The bill repeals the Middle Grades Reform Act, which includes the Rigorous Reading Requirement and the Personalized Middle School Success Plan.

Middle Grades Promotion Requirements

24 Title I of the No Child Left Behind Act of 2001.

25 ld.

26 Section 1000.03(4), F.S.

27 Data provided by the Florida Department of Education.

The middle grades in Florida comprise grades 6, 7, and 8. Currently, Florida serves approximately 611,750 students in the middle grades, in 484 schools with traditional middle school or junior high grade configurations, as well as in a number of other types of schools, such as K-8 schools.²⁸

While national and state student achievement data demonstrate that Florida's elementary students are making progress, FCAT data in reading indicate that performance begins to decline in grade five, decreasing each year through grade nine. Florida's gain in fourth-grade reading on the National Assessment of Educational Progress (NAEP) from 1998 to 2005 (from 206 to 219) was three times the national gain. In contrast, 2005 NAEP scores for Florida's eighth-graders (256) were a slight increase from the 1998 score (255), but a decline from the 2002 score (261).

In 2004, the Legislature passed the Middle Grades Reform Act³⁰, which required the DOE to establish a Middle Grades Reform Task Force to make recommendations for further middle school reforms. The Task Force completed their work in February 2005, and this bill implements several of their recommendations.

Currently, there is no statewide requirement for middle grades promotion. Student progression in the middle grades is determined by school districts in their student progression plans. A task force review of the student progression plans of Florida's larger districts found that most require a minimum number of credits in core academic areas (language arts, mathematics, science, and social studies).³¹

The bill repeals the Middle Grades Reform Act and creates a new section of law containing statewide standards for promotion from middle school to high school, beginning with students entering grade six in 2006-2007. The bill requires students to complete three middle school or higher year-long courses each in English, mathematics, social studies, and science, and one half-year course in career exploration and educational planning. Schools must offer one high school level mathematics course for which a student may earn high school credit. The bill applies the promotion standards to students in grades 6, 7, or 8 who are not enrolled in schools with a grade 6 through 8 middle school configuration.

High School Reform

Current Florida law provides the general requirements for high school graduation.³² Students must complete an International Baccalaureate curriculum or obtain 24 credits, distributed as follows:

- Four credits in English/language arts.
- Three credits each in math and science.
- One credit each in American history and world history.
- One-half credit in economics.
- One-half credit in American government
- One credit in practical arts or exploratory career education, or one credit in fine or performing arts or one-half credit in each.
- One credit in physical education.
- One-half credit in life management skills.
- Eight and one-half elective credits.

³⁰ Section 1003.415, F.S.

³¹ Florida Middle Grades Reform Task Force, Report and Recommendations, February 18, 2005. Available at http://www.flmiddlegradesreform.com/pdf/recommendations-feb18.pdf

The bill establishes revised high school graduation requirements. The bill adds completion of an Advanced International Certificate of Education curriculum and maintains the requirement that students who are not participating in the accelerated high school graduation options earn 24 credits for graduation. Required credits are as follows.

Fourteen credits in core courses:

- Four credits each in English and mathematics.
- Three credits each in science and social studies.

Ten credits in majors, minors, and electives:

- Four credits in a major area of study selected by the student. School districts submit lists of
 majors for approval by the commissioner. Once approved, these majors are available for use
 by all school districts.
- Six credits which may be used for another major, a three credit minor, electives, credit recovery, or intensive reading or math courses. Credit recovery allows students to simultaneously earn elective credit and credit for the course being recovered.

Secondary School Reading Intervention Courses

According to FCAT data from 2005, approximately 70% of middle school and high school students require intensive intervention in reading or math. Approximately 35% of students in those grades require intervention in both reading and math.

Data from 2003-2004 shows that, while 56% of eighth-graders scored Level 1 or 2 on FCAT reading, only 8% of eighth grade students were enrolled in an intensive reading course. The majority of middle grades students were enrolled in reading courses deemed non-intensive in nature or were not taught by a teacher who holds a reading endorsement or reading certification.³³

The bill requires middle and high school students who score at Level 1 on FCAT reading to complete an intensive reading course the following year. Students scoring Level 2 on FCAT reading may be placed, based on a diagnosis of reading needs, in an intensive reading or content area course taught by a teacher trained in applying scientifically based reading strategies.

Secondary School Mathematics Intervention Courses

Data from 2003 shows that 31% of 6th graders, 31% of 7th graders, and 22% of 8th graders scored Level 1 on FCAT math.³⁴ The bill requires middle school and high school students scoring at Level 1 on FCAT mathematics to complete an intensive math course.

High School and Middle School Grading Scale

The bill amends the existing high school grading scale to create a common grading system for grades 6 through 12. This grading system enables greater continuity between the middle grades and high school.

Career and Professional Academies

Career education is critically important to Florida's students and to Florida's economic development. Of every ten 9th graders, three students drop out (30%); three do not pursue additional education (30%); and four (40%) attend college.³⁵

³³ Florida Middle Grades Reform Task Force, Report and Recommendations, February 18, 2005. Available at http://www.flmiddlegradesreform.com/pdf/recommendationsfeb18.pdf

Currently, school districts may establish career education programs including career academies, career institutes, sequential courses and industry certification programs, as well as career education courses that are general in nature and explore various occupations. Section 1003.431, F.S., provides that a career education certification may be placed on a student's diploma. The certification is designed to indicate that a student is prepared for both postsecondary education without the need for remediation and that the student has marketable employment skills. The State Board of Education (SBE) was given authority to adopt rules for a standard format for the career education certification. Currently, the SBE has not adopted rules for career education certification and no school districts have placed the career education certification on high school diplomas.

Industry certification is an industry-based series of competencies needed to work successfully in a career area. The industry oversees the process and assures continued compliance with industry requirements for recertification at regular intervals. As of 2004, Florida school districts were offering 132 secondary programs that were industry-certified.

The bill defines "career and professional academy" (CAP academy) as a research based program that integrates a rigorous academic curriculum with an industry-driven career curriculum offered by public schools, public school districts, or the Florida Virtual School. Career and professional academies may be offered as a school-within-a school career academy or a total school configuration providing multiple academies. Students who complete the program will receive a standard high school diploma, the highest available industry certification and postsecondary credit if the academy partners with a postsecondary institution.

The goals of a career and professional academy are to increase student academic achievement and gradation rates, provide creative and applied majors, focus on career preparation and work ethics, promote postsecondary credit while in high school, and meet industry needs for skilled employees.

The bill establishes requirements for each career and professional academy in the areas of curriculum, partnerships, student advisement and parent participation, focus on high growth/high demand/high pay careers, and an evaluation plan.

Florida Ready to Work Certification Program

The bill establishes the Florida Ready to Work Certification Program, which offers students in career and technical education programs the opportunity to earn a Ready to Work Certificate based on assessment and instruction in workplace skills related to a specific career area.

Dependent Children of Active Duty Military Admission Preference

Florida law requires that dependent children of active duty military personnel who meet the eligibility criteria for special academic programs offered through public schools be given first preference for admission to such programs.³⁶ The preference is available even if the program is being offered through a public school other than the school to which the student would generally be assigned and even if the school at which the program is being offered has reached its maximum enrollment. Special academic programs are defined to include charter schools, magnet schools, advanced studies programs, advanced placement, dual enrollment, and International Baccalaureate.

The bill eliminates the requirement that preference be given to military-dependent students if the school has reached maximum enrollment. The bill removes charter schools from the definition of special academic programs and adds the Advanced International Certificate of Education.

35 Career and Professional Education: Preparing Florida's Students for the Knowledge Economy, Council for Education Policy, Research and Improvement (CEPRI), September 2004

School Start Date

Currently, Florida law grants authority to district school boards to establish an annual instructional calendar for all schools in the district. School year start and end dates vary across school districts, including several schools that operate on modified, year-round, or extended year calendars.³⁷

The bill specifies that district school boards may not adopt a school year start date earlier than 7 days prior to Labor Day each year.

Reading Initiatives

Just Read, Florida! Office

Governor Bush launched the "Just Read, Florida!" initiative in 2001, with the goal of every student reading at or above grade level by 2012. The "Just Read, Florida!" Office was established in the DOE to support the initiative. The office currently provides training and professional development for educators and school staff, reading coaches for schools, workshops for parents and other reading instruction resources.

The bill codifies the Just Read, Florida! Office and provides duties.

Research-Based Reading Instruction Allocation

In addition to the base funding allocation, the FEFP includes a number of allocations for specific programs; examples include the Safe Schools allocation and the Supplemental Academic Instruction allocation. There is no current statutory requirement for a specific reading instruction allocation as part of the FEFP.

The bill establishes the Research-Based Reading Instruction Allocation as part of the FEFP. The bill requires school districts to submit by May 1, of each year in a format prescribed by the DOE, a plan for the use of the Research-Based Reading Allocation. The Just Read, Florida! Office will review and approve the plans prior to the release of the school district's allocated funds no later than July 1. School district plans will be deemed approved unless the DOE rejects the plan by June 1. The school district may appeal to the SBE if a school district and the Just Read, Florida! Office cannot reach agreement on the plan. The bill allows high performing school districts considerable flexibility in designing plans.

The DOE is authorized to withhold funds if it determines a district has used any reading allocation funds on anything other than implementation of the reading plan.

Exceptional Students

Speech and Language Pathology Services

Section 1003.01(3)(b), F.S., defines the term "special education services" to mean specially designed instruction and such related services as are needed for an exceptional student to benefit from education. The bill adds speech and language pathology services to this list.

Out of State Special Needs Students in Florida Residential Facilities

³⁷ Florida Department of Education, Bureau of Education Information and Accountability Services, Statistical Brief: School District Calendars 2005-2006 available at http://www.firn.edu/doe/eias/eiaspubs/pdf/calendar.pdf.

In October 2003, the Office of Program Policy Analysis and Government Accountability (OPPAGA)³⁸ reviewed the number of out-of-state children living in Florida private residential care facilities and the state's cost of providing ESE services to these children. OPPAGA identified 417 ESE students in private residential facilities, 90 of whom were residents of other states and had been placed in Florida facilities by agencies and school districts from other states and parents in their home state. OPPAGA determined that Florida could avoid \$1.5 million annually in ESE costs for these students.

The bill provides that an exceptional student with a disability who resides in a residential facility and receives special instruction or services is considered a resident of the state in which the parent is a resident. The bill prohibits school districts from reporting these students for FTE funding in the FEFP. The bill requires the parent's state of residence or the student's parent to pay the cost of the nonresident student's instruction, facilities, and services received in Florida. Under the provisions of this bill, the residential facility, not the school district, is responsible for billing and collecting the out-of-state student's education and related services from the parent's state of residence.

Individual Education Plan

While current law requires that an individual education plan (IEP) include certain information,³⁹ there is no required uniform IEP format.

The bill requires the DOE to coordinate the development of a uniform IEP form to be made available to all school districts in the state for developing, implementing, and transferring IEPs for exceptional students. The bill also requires that the uniform IEP form be available electronically and contain notice to parents of available testing accommodations.

Teachers and Principals

<u>Differentiated Pay</u>

Current law provides for the compensation and salary schedules of public school personnel and sets forth requirements that the district school board must abide by in the determination and the development of the salary schedule. Current law requires that the district school board adopt a performance-pay policy which is subject to negotiation for school administrators and instructional personnel.

The bill requires that, beginning in the 2007-2008 academic year, each district school board must adopt a differentiated pay policy for school administrators and instructional personnel. The adopted salary schedules must allow school administrators and instructional personnel to receive differentiated pay based upon a number of district-determined factors, including, but not limited to additional responsibilities, school demographics, level of job performance difficulties, and critical shortage areas.

The bill requires school district salary schedules to be consistent with the district's performance pay policy by the 2006-2007 academic year, and with differentiated pay by the 2007-2008 academic year.

The bill requires the DOE to provide electronic links to the negotiated collective bargaining contract for the school district and the salary and benefits for any education association personnel paid by the school district.

Professional Certificates for Nondegreed Career Education Instructors

Florida law grants the SBE authority to designate subject area certifications and certification requirements for all school-based personnel.⁴⁰ The bill requires the SBE to adopt rules that allow part-

³⁹ http://www.ed.gov/parents/needs/speced/iepguide/index.html.

time and full-time nondegreed career education instructors the ability to earn a reading credential equivalent to a reading endorsement.

Instructional Materials Professional Development

Section 1011.67, F.S. describes the budget allocation for instructional materials. The bill adds a requirement that annually, prior to the release of instructional materials funds, each district school superintendent must certify to the Commissioner that the district school board has approved a staff development plan. The plan must provide comprehensive staff development for teachers in the use of instructional materials in the first 2 years of the adoption cycle that the district intends to purchase. The plan must provide for training for each teacher who will use the materials, provide inservice credit, and document satisfactory completion by each teacher.

Student Discipline and School Principals

School principals are currently required to take certain actions to address serious disciplinary violations committed by students⁴¹ and to protect students who are victims of violent crimes perpetrated by another student.⁴² The bill provides that a school principal who fails to uphold these duties is ineligible to receive performance pay incentives and differentiated pay.

Corrective Actions for Low Performing Staff

Under current Florida law, the SBE is authorized to recommend several courses of action that district school boards can employ to ensure that students in "F" schools are academically well-served. 43

The bill grants the SBE authority to recommend that a district school board authorize the principal of an "F" school to take corrective action towards low performing teachers and staff.

Assignment of Teachers

There is a disparity in the qualifications of teachers assigned to teach in a school with a grade of "A" versus those that are assigned to teach in a school with a grade of "F." This disparity can be found in the average years of experience, number of out-of field teachers, median salary, and teacher performance on certification examinations.

The bill prohibits school districts from assigning a higher percentage than the school district average of first-time teachers, temporarily certified teachers, teachers in need of improvement, or out-of-field teachers to schools that are graded "D" or "F" or schools with above school district average minority and economically disadvantaged students. Each school district must certify to the Commissioner that it has met its duty to assign teachers equitably. The Commissioner must then notify the SBE if a school district is found to have a disparate distribution of teachers and the SBE may then exercise its power to enforce school district compliance.

American Sign Language Certification

Florida law grants the SBE authority to adopt rules establishing the requirements for licensing and certification of American Sign Language (ASL) teachers.⁴⁴ ASL teachers must be certified by the DOE by January 1, 2008 and must also obtain certification from the Florida American Sign language Teachers Association (FASLTA). ASL certification currently requires a bachelor's degree with

⁴² Section 1006.13, F.S.

⁴³ Section 1008.33(2), F.S.

certification in an academic class coverage and either completion of specified coursework or a certificate from the American Sign Language Teachers Organization.⁴⁵

The bill extends the required certification date to July 1, 2009 and eliminates the requirement that ASL teachers obtain current FASLTA certification by January 1, 2006. FASLTA certification is also eliminated as an alternative certification track.

William Cecil Golden Professional Development Program for School Leaders

A growing body of evidence indicates the impact school leaders have on school improvement and student achievement. With the repeal of the Management Training Act in 2000, which included 19 competencies for school principals, the DOE and the SBE began the process of developing and establishing new standards, competencies and policies for school principal selection, training, and certification. The new standards, which were approved by the SBE on April 19, 2005, focus on instructional leadership, using data for effective decision making, and key indicators for high performing principals.

The bill establishes the William Cecil Golden Professional Development Program for School Leaders, a comprehensive, competency-based, statewide professional development program, administered by the DOE. The program must offer individuals the opportunity to obtain a leadership designation based on criteria developed by the DOE, with an emphasis on student learning gains, especially in high schools.

C. SECTION DIRECTORY:

Section 1. Amends s. 11.90, F.S.; authorizing the Legislative Budget Commission to review a state plan to implement federal requirements.

Section 2. Amends s. 20.15, F.S.; establishing the Division of Accountability, Research, and Measurement in the Department of Education.

Section 3. Amends s. 1000.03, F.S.; revising the mission of the state's K-20 education system.

Section 4. Repeals s. 1000.041, F.S.; to conform provisions relating to the 2005 repeal of the BEST Florida Teaching salary career ladder program.

Section 5. Amends s. 1001.02, F.S.; requiring legislative review of a revised state plan to implement certain federal requirements.

Section 6. Amends s. 1001.03, F.S.; requiring periodic review of Sunshine State Standards subject areas and an annual status report; requiring rules to earn a reading credential equivalent; requiring the maintenance of a uniform school district personnel classification system.

Section 7. Amends s. 1001.10, F.S.; requiring legislative review of a revised state plan to implement certain federal requirements.

Section 8. Creates s. 1001.215, F.S.; creating the Just Read, Florida! Office in the Department of Education; providing duties.

Section 9. Amends s. 1001.33, F.S.; conforming provisions relating to the 2005 repeal of the BEST Florida Teaching Salary Career ladder program.

Section 10. Amends s. 1001.41, F.S.; requiring district school boards to adopt standards and policies to provide each student a complete education program.

- Section 11. Amends s. 1001.42, F.S.; providing a district school board requirement relating to the opening date of the school year; conforming provisions relating to the 2005 repealing of the BEST Florida salary career ladder program; providing requirements for each school district's system of school improvement and student progression; revising requirements for school improvement plans; requiring alignment with the Sunshine State Standards; revising format and content of public disclosure reports; conforming provisions relating to deletion of a rigorous reading requirement and the designation of school grades.
- Section 12. Repeals s. 1001.51(24), F.S.; conforming provisions relating to the 2005 repeal of the BEST Florida Teaching salary career ladder program.
- Section 13. Amends s. 1001.54, F.S.; revising provisions relating to duties of school principals.
- Section 14. Amends s. 1002.38, F.S.; relating to the Opportunity Scholarship Program; conforming provisions relating to the designation of school grades.
- Section 15. Amends s. 1003.01, F.S.; revising definition of the term "special education services".
- Section 16. Amends s. 1003.05, F.S.; deleting the requirement that certain children receive preference for admission to special academic programs even if maximum enrollment has been reached; revising programs defined as "special academic programs" for purposes of such preference.
- Section 17. Creates s. 1003.413, F.S., relating to secondary school reform; providing intent and guiding principles; requiring district school boards to establish policies to implement requirements for middle grades promotion, revised requirements for high school graduation, and requirements for career and professional academies; requiring policy approval and department support for implementation; directing the Commissioner of Education to create and implement the Secondary School Improvement Award Program.
- Section 18. Repeals s. 1003.415, F.S., the Middle Grades Reform Act.
- Section 19. Creates s. 1003.4156, F.S.; providing general course requirements for middle grades promotion; requiring intensive reading and mathematics courses in certain circumstances; authorizing rulemaking and enforcement.
- Section 20. Amends s. 1003.42, F.S.; providing for required instruction for middle grades promotion.
- Section 21. Creates s. 1003.428, F.S.; establishing revised general requirements for high school graduation; providing applicability beginning with 2007-2008 first-year high school students; requiring completion of specified credits or a specified curriculum; requiring strategies for exceptional students to meet graduation requirements; requiring standards for graduation; requiring rules for test accommodations and modifications in certain cases; providing requirements for standard diplomas and certificates of completion with exceptions; authorizing rulemaking and enforcement.
- Section 22. Amends s. 1003.437, F.S.; including middle grades in the uniform grading system.
- Section 23. Repeals s. 1003.492(3) and (4), F.S.; relating to department studies of student performance in industry-certified career education programs.
- Section 24. Creates s. 1003.493, F.S.; defining career and professional academies and specifying goals of the academies; providing requirements of academies relating to curriculum, partnerships, instruction, career education certification, and evaluation.
- Section 25. Amends s. 1003.57, F.S.; providing guidelines for determining the residency of a student who receives instruction as an exceptional student with a disability; requiring the student's placing authority or parent to pay the cost of such instruction, facilities, and services; providing responsibilities of the

- department; providing responsibilities of residential facilities that educate exceptional students with disabilities; providing applicability.
- Section 26. Creates s. 1003.576, F.S.; requiring the department to develop an individual education plan form for use in developing and implementing individual education plans for exceptional students; requiring school districts to use the form.
- Section 27. Amends s. 1003.58, F.S.; correcting a cross-reference.
- Section 28. Amends s. 1003.62, F.S.; conforming provisions relating to the designation of school grades and differentiated pay for school administrators and instructional personnel.
- Section 29. Creates s. 1004.99, F.S., the Florida Ready to Work Certification Program to enhance student workplace skills; providing for program implementation and requirements; authorizing rulemaking.
- Section 30. Amends s. 1006.09, F.S.; conforming provisions relating to differentiated pay.
- Section 31. Amends s. 1007.2615, F.S.; revising provisions for certification of American Sign Language teachers.
- Section 32. Amends s. 1008.22, F.S.; specifying FCAT grade level and subject area testing requirements; requiring documentation of procedures that ensure test difficulty under certain circumstances; requiring certain opportunities for demonstrating student performance; requiring the Commissioner of Education to adopt scores concordant to FCAT scores required for high school graduation; providing that such scores satisfy requirements for a diploma; clarifying eligibility to use such scores; requiring an annual report on student performance.
- Section 33. Repeals s. 1008.221, F.S.; relating to alternative assessments for dependent children of military personnel, to conform.
- Section 34. Amends s. 1008.25, F.S.; authorizing district school boards to require low-performing students to attend remediation programs outside of regular school hours or during the summer; requiring the department to establish a uniform format for reporting information relating to student progression; requiring an annual report.
- Section 35. Repeals s. 1008.301, F.S., relating to a concordance study of FCAT equivalencies for high school graduation.
- Section 36. Amends s. 1008.31, F.S.; revising intent, goals, and measures of the K-20 performance accountability system and requiring data quality improvements; requiring adoption of rules.
- Section 37. Amends s. 1008.33, F.S.; conforming a cross-reference and provisions relating to the designation of school grades; authorizing principals to recommend corrective actions for low-performing faculty and staff at "F" graded schools and publication of a school's grade.
- Section 38. Amends s. 1008.34, F.S.; revising terminology and provisions relating to designation and determination of school grades; providing for school grading for alternative schools and specifying requirements related thereto; defining the term "home school" for purposes of assessment; requiring an annual school report card to be published by the department and distributed by school districts.
- Section 39. Creates s. 1008.341, F.S.; providing for school improvement ratings for certain alternative schools; providing the basis for such ratings and requiring annual performance reports; providing for determination of school improvement ratings, identification of student learning gains, and eligibility for school recognition awards; requiring the development and distribution of an annual school report card; authorizing adoption of rules.

- Section 40. Amends s. 1008.345, F.S.; conforming a cross-reference and provisions relating to the designation of school grades; providing conditions for determination of a school district in a state of educational emergency; providing procedures to resolve the educational emergency, including state assistance; authorizing establishment of an educational emergency board and providing duties thereof; providing for an action plan to implement recommendations.
- Section 41. Amends s. 1008.36, F.S.; authorizing certain alternative schools to participate in the Florida School Recognition Program; modifying procedures for determination and use of school recognition awards.
- Section 42. Amends s. 1011.62, F.S.; providing FTE funding for juveniles enrolled in specified education programs; conforming cross-references and provisions relating to the designation of school grades; establishing a research-based reading instruction allocation to provide funds for a comprehensive reading instruction system; requiring school district plans for use of the allocation and approval thereof; including the allocation in the total amount allocated to each school district for current operation.
- Section 43. Amends s. 1011.64, F.S.; conforming terminology and a cross-reference.
- Section 44. Amends s. 1011.67, F.S.; requiring district school board approval of a staff development plan relating to use of instructional materials.
- Section 45. Amends s. 1011.685, F.S.; conforming provisions relating to the 2005 repeal of the BEST Florida Teaching salary career ladder program and implementation of differentiated pay.
- Section 46. Amends s. 1011.71, F.S.; correcting a cross-reference.
- Section 47. Amends s. 1012.21, F.S.; requiring department reporting relating to school district collectively bargained contracts and the salary and benefits of certain personnel.
- Section 48. Amends s. 1012.22, F.S.; requiring each district school board to adopt a salary schedule with differentiated pay for instructional personnel and school-based administrators beginning with the 2007-2008 academic year.
- Section 49. Creates s. 1012.2315, F.S.; providing school district requirements for the assignment of teachers and providing procedures for noncompliance.
- Section 50. Amends s. 1012.27, F.S.; conforming provisions relating to the 2005 repeal of the BEST Florida Teaching salary career ladder program and implementation of differentiated pay.
- Section 51. Amends s. 1012.28, F.S.; conforming provisions relating to differentiated pay.
- Section 52. Amends s. 1012.34, F.S.; conforming provisions relating to deletion of a rigorous reading requirement.
- Section 53. Amends s. 1012.56, F.S.; encouraging school districts to provide mechanisms for teachers to obtain subject area coverage for middle grades.
- Section 54. Creates s. 1012.986, F.S.; establishing the William Cecil Golden Professional Development Program for School Leaders; defining the term "school leader"; providing for school leader designations; providing program requirements and delivery systems; requiring adoption of rules.
- Section 55. Repeals s. 1012.987, F.S., which requires the State Board of Education to adopt rules through which school principals may earn a leadership designation.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

The fiscal impact on state government expenditures is indeterminate. Please see FISCAL COMMENTS.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a fiscal impact on the private sector.

D. FISCAL COMMENTS:

STATE IMPACT:

<u>Exceptional Student Education:</u> The bill requires the DOE to develop a process for mandatory school district reviews of the residency of each exceptional student who lives in a Florida residential facility, prior to the provision of services. The additional procedures required for determination of a student's residency should have a minimal fiscal impact and OPPAGA has estimated a cost savings of \$1.5 million annually (Report No. 03-58).

<u>Secondary reform:</u> In the long term, the state should benefit economically from increased graduation rates and the improved preparation of students for entry into the workforce and/or postsecondary education.

Reading: The bill establishes the research-based reading allocation and its calculation. Each district receives \$50,000 and the remaining funds are allocated on each district's share of K-12 base funding. The 2005-2006 General Appropriations Act (GAA) provided \$89 million for the Reading Instruction Allocation. These funds are used to support district K-12 comprehensive reading plans, including intensive intervention, professional development, and summer academies. The Governor's budget request includes \$111.8 million for the Allocation for 2006-2007.

The bill establishes the Just Read, Florida! Office. The 2005-2006 GAA provided \$10 million for the office and its initiatives. The Governor's budget request includes \$18.5 million for 2006-2007.

The GAA also provides spending authority for federal reading funds, administered by the Just Read Office. The 2005-2006 GAA provided \$58 million in spending authority for these funds, and the Governor's 2006-2007 request continues that amount.

Ready to Work: The bill creates the Ready to Work Certification Program. The Governor's legislative budget request includes \$50 million to be expended over the next three years for the program; \$39 million would be administered by the DOE; \$11 million would be administered by the Agency for Workforce Innovation.

<u>Educational emergency:</u> Minimal costs could be incurred by the Executive Office of the Governor and the Department of Education in the event a district is identified as reaching a state of educational emergency. Specific costs are indeterminate and would depend on the severity of the emergency and the strategies the Governor and Commissioner decide to implement.

DEPARTMENT OF EDUCATION IMPACT:

<u>Secondary reform:</u> The bill requires the DOE to undertake several activities in support of the reform effort. Fiscal impact on the agency should be minimal because these activities are already planned or are funded through the specific program.

- Sunshine State Standards review: This review is already planned by the DOE and the Governor's budget request includes \$5 million for this purpose.
- Applied, integrated, combined courses: Approval of courses is an ongoing process in the agency and should be accomplished by a redirection of staff time.
- Professional development package for content area reading: This activity is already underway and funded through the Just Read Office.
- Share best practices: A primary responsibility of the agency is to share best practices through all available means of communication. No fiscal impact.
- Longitudinal analysis: The K-20 education data warehouse is designed to provide these types of analyses. No fiscal impact.
- Secondary School Improvement Award Program: During the 2006-2007 fiscal year the Commissioner will establish the criteria and procedures for the program. It is unlikely there will be any fiscal impact until the 2007-2008 fiscal year.
- Recruitment/retention of teachers: The DOE will have to intensify efforts to recruit teachers in math and reading in order to provide for intervention courses and the additional math credit requirement. The Governor's budget request includes \$2 million to establish a Center for Mathematics and Science Research to assist in recruitment and staff development in these areas.

<u>William Cecil Golden Professional Development Program for School Leaders:</u> The fiscal impact of the professional development program will be determined in the General Appropriations Act. The Governor's budget request includes \$4.7 million to support principal professional development and recognition.

SCHOOL DISTRICT IMPACT:

Cost savings: School districts may realize a cost savings from the deletion of the rigorous reading requirement and personalized middle school success plan. In addition, the fiscal impact of middle school promotion requirements may also be a long term cost savings. Moving to a course-based promotion system with competency-based course recovery will allow students to "catch up" with their class, and not be retained for an entire year. Any increase in students retained would likely be offset by the lower costs from the students retaking only specific courses instead of an entire school year. Likewise, districts may experience some cost savings from the high school revised graduation requirements. Students will be able to simultaneously earn elective credit and recover credit in a required class as an incentive to keep students enrolled and progressing towards graduation. Districts

STORAGE NAME:

may be able to redirect existing funds by not having to offer credit recovery after school and in the summer.

<u>Secondary school reform:</u> Secondary school reform is not an add-on. It requires an overhaul, or reengineering, of existing systems and programs. While districts will spend time and resources to make these changes, there are no new programs or mandates that significantly impact districts.

- Policies for secondary reform: Districts must establish policies to support the implementation of middle school promotion requirements, revised high school graduation requirements, and career academies. Specific areas to be addressed include:
 - pupil progression plans;
 - high school majors and minors;
 - the use of technology to develop ePEPs, offer intensive intervention classes, and competency-based credit/course recovery;
 - establishment of career academies, if desired, using start up funds as provided in the GAA.

The Governor's budget request includes \$2 million to provide laptops to 1,000 sixth grade students, and associated teacher training, to support integrating technology into the classroom. The 2005-2006 GAA provided \$6 million for career and professional academies as part of the Succeed, Florida program for public schools workforce education. The Governor's 2006-2007 request again includes \$6 million for the Succeed, Florida program, but the funds have not been designated for career and professional academies.

- Instructional staff: Districts will need to increase recruitment efforts, commensurate with the DOE, to recruit teachers in math and reading in order to provide for intervention courses and the additional math credit requirement.
- Staff development: Districts will need to focus staff development to implement secondary reform, based on the guiding principles established in the bill.
- Summer academies: Summer academies (and required alternative assessments) will be funded as provided in the GAA as part of the research-based reading allocation. The Governor's 2006-2007 budget request includes \$4 million to support specialized academies in mathematics and reading.

<u>Differentiated pay:</u> There is no impact for the 2006-2007 fiscal year. The bill requires the salary schedule for the 2007-2008 year to include differentiated pay using available funds.

<u>School recognition for alternative schools:</u> This requires a shift from district discretionary funds to school-based rewards.

<u>School Improvement Plans</u>: Because every school must have an approved school improvement plan, changing the format of the plans for schools graded C and below should have a minimal impact. Public notice of school grades is also a current requirement, but must be enhanced and use more means of communication. Depending on current district practices, this could also be a minimal impact.

<u>Instructional materials:</u> Instructional materials funds may be held until certification by the superintendent of a professional development plan to require fidelity of implementation for instructional materials. Districts will have to focus staff development funds for this purpose.

<u>Exceptional students</u>: Adding speech and language pathology services into the definition of "special education services" will have an indeterminate fiscal impact. IEP teams will decide whether or not a student can benefit from speech or language therapy. Depending upon the number of IEP teams that determine students can benefit, it may be necessary for districts to hire additional staff to provide the services.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to spend funds or to take any action requiring the expenditure of funds.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill requires the State Board of Education to adopt rules relating to:

- Reading credentials for part-time and full-time nondegreed career education instructors.
- Implementation of middle grades promotion requirements.
- Implementation of revised high school graduation requirements.
- Florida Ready to Work Certification Program.
- Operation of the K-20 Data Warehouse.
- School Improvement Ratings for Alternative Schools.
- The William Cecil Golden Professional Development Program for School Leaders.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

STORAGE NAME: DATE:

 A bill to be entitled

An act relating to student athlete recruiting; requiring the Florida High School Athletic Association to hold certain bylaws in abeyance; providing for creation of a task force to review student athlete recruiting issues; providing for task force membership and duties; requiring recommendations to the Governor and the Legislature; requiring the Office of Program Policy Analysis and Government Accountability to conduct a review of recruiting violations by Florida High School Athletic Association member schools; providing appropriations; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

- Section 1. (1) The Florida High School Athletic

 Association shall, until July 1, 2007, hold in abeyance the 20062007 revisions to sections 11.01, 11.02, 11.2, 11.3, and 11.4,

 Bylaws of the Florida High School Athletic Association, relating
 to student athlete residence and transfer, adopted pursuant to s.

 1006.20, Florida Statutes.
- (2) A Student Athlete Recruiting Task Force shall be created to review issues concerning recruiting of secondary school student athletes. The task force shall make recommendations that preserve the parental right to school choice while protecting the integrity of Florida's interscholastic athletic programs. The task force shall consider:
 - (a) The definition of recruiting.
- (b) Current and proposed procedures governing recruiting of secondary school student athletes.

PCB PKT 06-02 YEAR 2006

(c) Documented past recruiting practices and violations.

Practices to be reviewed shall include, but not be limited to,
the provision of tuition scholarships and other inducements,
recruitment of foreign athletes, and active solicitation of
student athletes and parents by school employees or boosters.

- (d) The impact of student athlete recruiting rules on parental school choice.
- (e) The relationship between student athlete transfers and recruiting, including the role of student athlete transfer rules in preventing recruiting.
- (f) Measures for preventing improper student athlete recruiting and penalties for recruiting violations.
- (3) The task force shall be comprised of representatives from home school and public and private secondary school proponents and opponents of the 2006-2007 revisions to the bylaws specified in subsection (1). The task force members shall be appointed as follows:
- (a) Three proponents of the bylaws and three opponents of the bylaws each appointed by the President of the Senate.
- (b) Three proponents of the bylaws and three opponents of the bylaws each appointed by the Speaker of the House of Representatives.
 - (c) A task force chair appointed by the Governor.
- (4) Task force members shall serve without compensation but shall be reimbursed for per diem and travel expenses in accordance with s. 112.061, Florida Statutes.
- (5) The task force shall be staffed by the Office of Program Policy Analysis and Government Accountability and be monitored by the Department of Education. The chair shall convene meetings of the task force as needed and shall ensure that the recommendations are completed and forwarded on time.

PCB PKT 06-02 YEAR 2006

(6) The task force shall hold its initial meeting not later than June 1, 2006, and shall submit its recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by January 1, 2007. The task force shall dissolve upon rendering its recommendations.

Section 2. The Office of Program Policy Analysis and
Government Accountability shall conduct an independent review of
secondary school recruiting violations among Florida High School
Athletic Association member schools and shall have full access to
Florida High School Athletic Association records for the purpose
of this review.

Section 3. The sum of \$60,000 is appropriated from the General Revenue Fund to the Office of Program Policy Analysis and Government Accountability for the 2006-2007 fiscal year to support the work of the Student Athlete Recruiting Task Force.

The sum of \$50,000 is appropriated from the General Revenue Fund to the Office of Program Policy Analysis and Government Accountability for the 2006-2007 fiscal year to fund its independent review of secondary school recruiting violations.

Section 4. This act shall take effect upon becoming a law.

SUMMARY ANALYSIS

The proposed committee bill requires the Florida High School Athletic Association (FHSAA) to hold in abeyance certain newly adopted bylaws governing student athlete residence and transfer. The bill creates a task force to review issues concerning student athlete recruiting and make recommendations that preserve parents' rights to school choice and protect the integrity of Florida's interscholastic athletic programs.

The bill requires the Office of Program Policy Analysis and Government Accountability (OPPAGA) to conduct an independent review of documented recruiting violations by FHSAA member schools.

The provisions of the bill are effective upon becoming law.

The bill has a minimal fiscal impact. See Fiscal Comments.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives. STORAGE NAME: pcb02.PKT.doc 3/2/2006

DATE:

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government-- The bill requires the FHSAA to hold in abeyance certain bylaws governing student athlete residence and transfer.

B. EFFECT OF PROPOSED CHANGES:

Present Situation:

Founded in 1920, the FHSAA is a non-profit organization that governs interscholastic athletics among Florida's public and private secondary schools. In 1997, the Florida Legislature enacted section 1006.20, F.S., which sets forth FHSAA's organizational structure and governing authority in statute.

Section 1006.20, F.S. grants FHSAA authority to adopt bylaws governing participation of member schools and individual student athletes unless specifically provided for in statute. Statute specifically requires FHSAA bylaws governing student athlete residence and transfer to allow student athletes to be eligible for participation in athletics in the school the student first enrolls in each year. Statute also requires FHSAA to adopt bylaws that specifically prohibit recruiting of student athletes for athletic purposes.

In January of 2006, the FHSAA Representative Assembly voted to adopt revisions to sections 11.01, 11.02, 11.2, 11.3, and 11.4 of the FHSAA bylaws governing student athlete residence and transfer. The revised bylaws are intended to curtail recruiting of student athletes by placing certain penalties on student athletes who transfer to another school. The revised bylaws apply to all transfers except a move by the student and all members of the student's household that necessitates a change in schools. According to the revised bylaws, student athletes who transfer to another school may not participate in varsity athletics for one calendar year but may participate in junior varsity athletics during this time. Upon the expiration of one calendar year, the student athlete is deemed to have established residency at the new school and may participate in varsity athletics. The revised bylaws contain several exceptions which, if applicable, allow student athletes to transfer without penalty. The receiving school must first make an application for waiver to the FHSAA on the student's behalf. The FHSAA commissioner reviews the waiver application to determine whether the exception applies and the waiver is justified. Subsequent procedures are available for appealing waiver denials and for undue hardship requests. This rule becomes effective for the 2007-2008 school year.

At its February 7, 2006 meeting, the PreK-12 Committee heard public testimony from proponents and opponents of the new FHSAA residence and transfer bylaws. Opponents of the bylaws testified that the new rules violate the statutory provisions on residence and transfer bylaws contained in s.1006.20(2)(a) and impede parents' rights to school choice. Proponents of the bylaws stated that the rules were necessary to prevent student athletes from "shopping" for better teams and more advantageous opportunities for playing time, as well as curtailing illegal recruiting of student athletes.

STORAGE NAME: DATE:

pcb02.PKT.doc 3/2/2006

¹ Section 1006.20(2)(a), F.S.

² Section 1006.20(2)(b), F.S.

³ Section 11.4, Proposed 2006 revisions to the Bylaws of the Florida High School Athletic Association, Inc.

Effect of Proposed Changes:

The bill requires FHSAA to hold in abeyance sections 11.01, 11.02, 11.2, 11.3, and 11.4 of the FHSAA bylaws until July 1, 2007. The bill creates a balanced task force comprised of home school and public and private secondary school proponents and opponents of the revised bylaws. The task force must make recommendations to the Governor and the Legislature that preserve parents' rights to school choice and protect the integrity of Florida's interscholastic athletic programs. The bill requires OPPAGA to provide administrative support and staff for the task force.

The bill also requires OPPAGA to conduct an independent review of secondary school recruiting violations among FHSAA member schools. The bill requires FHSAA to grant full access to its records for purposes of OPPAGA's review.

C. SECTION DIRECTORY:

Section 1. Creates an unnumbered section of law requiring FHSAA to hold in abeyance certain bylaws; creates a task force.

- Section 2. Requires OPPAGA to review recruiting violations.
- Section 3. Provides an appropriation.
- Section 4. Provides an effective date upon becoming law.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

This bill does not appear to have a fiscal impact on state government revenues.

2. Expenditures:

This bill has a minimal fiscal impact on state government expenditures. See Fiscal Comments.

- **B. FISCAL IMPACT ON LOCAL GOVERNMENTS:**
 - 1. Revenues:

This bill does not appear to have a fiscal impact on local government revenues.

2. Expenditures:

This bill does not appear to have a fiscal impact on local government expenditures.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

This bill does not appear to have a fiscal impact on the private sector.

D. FISCAL COMMENTS:

The bill appropriates \$110,000 from General Revenue to fund the task force and OPPAGA review.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require a city or county to spend funds or to take any action requiring the expenditure of funds.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

sequential courses in a career and technical program, fine and performing arts, or academic content area, selected by the student as part of the education plan required by s. 1003.4156. Annually by October 1, the district school board shall approve major areas of study and submit the list of majors to the Commissioner of Education for approval. Each major shall be deemed approved unless specifically rejected by the commissioner within 60 days. Upon approval, each district's majors shall be available for use by all school districts and shall be posted on the department's website.

2. Five credits in elective courses selected by the student as part of the education plan required by s. 1003.4156. These credits may be combined to allow for a second major area of study pursuant to subparagraph 1., a minor area of study, elective courses, intensive reading or mathematics intervention courses, or credit recovery courses as described in this subparagraph.
